

THE MOST REV. Thomas L. Noa, bishop of the Roman Catholic Diocese of Marquette, celebrates a 50th Jubilee Pontifical Mass in St. Peter's Cathedral, Marquette, on Tuesday, before a congregation that overflowed the cathedral. From left: Rt. Rev. Msgr. Arnold L. Cassanova, Marquette, vice chancellor of the diocese; Bishop Noa; the Rt. Rev.

Msgr. Edmund C. Szoka, Marquette, assistant chancellor; the Rt. Rev. Msgr. Edmund F. Falicki, Grand Rapids, deacon of the Mass, and the Rt. Rev. Msgr. Anthony P. Arzulowicz, Grand Rapids, subdeacon. The sermon was preached by the Most Rev. John F. Dearden, D.D., archbishop of the Province of Detroit.

Ecumenism Services Lauded

Bishop Noa Honored In Jubilee

By JEAN WORTH

The greatest ceremonial and expression of lauds in the more than a century of the Catholic Diocese of Marquette was performed Tuesday in Marquette when the Most Rev. Thomas L. Noa, Bishop of Marquette, was honored on his 50th year as a priest. He has been a bishop almost 20 years.

The little former seminary rector was the jubilarian of a two day program which was climaxed by a Jubilee Mass offered by Bishop Noa in St. Peter's Cathedral. The throng which came from throughout the Midwest to honor the churchman overflowed the see's greatest church so that some had to stand.

The procession of clergy that moved from robing rooms to the cathedral for the Mass was

more than a block long, with more than 200 priests, monsignors, bishops and archbishops marching in colorful line, clerical black predominating, brown of the Franciscan friars contrasting with the purple of the monsignor and the white habits of the Norbertines.

Largest Gathering Never had so many religious gathered in the Marquette Diocese. The priestly orders included Jesuits, Capuchins, Mary Knoll priests, Franciscans, Norbertines, Salvatorians and Benedictines. The orders of nuns represented included several of the Franciscan Orders including the Order of Christian Charity, the Sisters of Notre Dame, St. Joseph, Dominican, Victory Noll, St. Paul of Chartres, the Felician Sisters, the Ursuline Order and the Ladies of Loretto.

The Mass congregation reflected the spirit of ecumenism which Bishop Noa has sponsored so actively in applying the directives of Vatican II to the Catholic Diocese of Marquette and there were people of many faiths in attendance. Similarly at the dinner in the student center at Northern Michigan University which followed the Mass, and at which the Rt. Rev. George R. Selway, Episcopal Bishop of Northern Michigan, was a participant.

Religious View The Most Rev. John F. Dearden, archbishop of Detroit, said at the Mass that Bishop Noa

had identified himself with his church's growth and that the ceremonies of the day were in thanksgiving for his character and leadership.

The Rev. Charles J. Carmody, on leave from the Diocese of Marquette to serve on the Loyola University faculty, Chicago, as a teacher of theology, was master of ceremonies at the dinner.

"The religious," he said, "sees here in the jubilee the fulfillment of spiritual service. Here is one who has borne in the vineyard, the heat of the day. This encourages the priest in his own religious career. And the Bishop symbolizes the church for us as no one else does."

The dinner program was affectionate and humorous. The Rt. Rev. Msgr. James E. Kelly, rector of St. John's Cathedral, Milwaukee, recalled that Bishop Noa as a seminarian at St. Francis Seminary, Milwaukee had taken over the class of 27 members and offered his aid to student laggards in Latin, Greek and mathematics. "The trouble was," said Monsignor Kelly, "that he spoke Latin in explaining your difficulties. He knew that the professors did their best and he gave them credit."

From Afar "He is a genius in many ways and he will die a young man no matter when he dies." Irrepressible Father Carmody introduced the diocese's own

"Diaspora," including Msgr. Wilbur Gibbs, formerly of Perkins and now of Caracas, Venezuela; Msgr. Joseph L. Zryd, formerly of Marquette and now of Rome; and Brothers Paul and Peter Brien, formerly of Escanaba and now of Taiwan, Mary Knoll priests who were described as "bringing a pint of chop suey from Chang Kai-shek."

Msgr. Edmund Falicki, vicar general of the Diocese of Grand Rapids, said "Things are coming too fast. We now have instant breakfast. But we cannot ever have an instant bishop, although some seminarians think that they know more than the bishop."

"We have such things as love at first sight—like meeting your ordinary (bishop) for the first time, but friendship requires years of living together. We are here to let Bishop Noa know that we have enjoyed his friendship and experience."

From Yugoslavia Probate Judge Joseph Donnelly of Houghton, Knight of St. Gregory, spoke the laity's thanks to Bishop Noa for his leadership. "God will reward you for your encouragement of the ecumenical spirit in the service of God," he said. Judge Donnelly described Bishop Noa as "The Builder" for his very active program of diocesan development and said that he had been an exemplar of good will in the interfaith movement.

The Most Rev. Josip Pogacnik, archbishop of Ljubljana, Yugoslavia, which province supplied Bishop Frederic Baraga as the first ordinary of the Diocese of Marquette, praised Bishop Noa's "continuation of the heroic work of your predecessor. And thanks for your efforts for the cause (of sainthood) of Bishop Baraga. Beautification would be one of the most significant achievements of your episcopate and my archdiocese would be very happy and grateful for such honor to Bishop Baraga, who was one of the founders of American Catholicism, and who gave almost 40 years of his life to the church here."

Bishop Responds Monsignor Nolan McKevitt, vicar general of the Diocese of Marquette, speaking for its clergy, said that Bishop Noa's relationship with his priests was "most effective. When a priest had better knowledge he used him, but finally he had to make the decision. On the whole we feel that we've been pretty lucky that Bishop Noa landed here."

Pope Paul sent Bishop Noa a letter of congratulations and the clergy and laity collected a fund for a jubilee gift to the bishop for diocesan activities. "We are all in debt to you and we are going to pay the debt," said Monsignor McKevitt.

Bishop Noa, in a brief response, used Monsignor Falicki's theme and said that there are some instant things in the church. "I," he said "have instant, incurable optimism."

Stock Market Has Strong Rally

NEW YORK (AP) — The stock market rallied strongly again early today in active trading. At 10:30 a.m. the Dow Jones average of 30 industrials had gained 8.24 points at 783.96. Color televisions, electronics, airlines and aerospace stocks moved up.

Transportation Bill Is Passed By House

Benton Harbor Troop Request Is Turned Down

BENTON HARBOR (AP) — Mayor Wilbert Smith today declared a state of emergency but was turned down on his request for the dispatch of National Guard troops to this southwestern Michigan city torn by two straight nights of racial violence.

Gov. George Romney said at Lansing an 18-year-old Negro wounded in Tuesday night's gunfire had died, but he declined an immediate call-up of troops.

Romney told newsmen in Lansing, however: "I will take whatever additional steps are necessary to maintain law and order."

Romney indicated some Guard units had been placed under an alert, but refused to say if this specifically were the case. "It won't take us long to move," he said at one point.

Romney dispatched State Police Commissioner Frederick Davids here to take command of some 75 troopers on hand.

Before the governor announced the Negro youth's death, a policeman had told a reporter: "We're expecting more trouble, maybe today."

Cecil Hunt was cut down by bullets fired from a passing car and Police Sgt. Earl Merrill said witnesses saw two white youths in the car.

The shooting came in the wake of a Negro march protesting claimed lack of recreation facilities. The march turned into a riot throwing melees.

Hunt was standing a few blocks from where the march started when he was wounded.

Shapely Gal Shapes Up Strike Ends

GARDINER, Ore. (AP) — Pat Morris is back at work with 315 other employees at the International Paper Co. plywood plant, but she is not wearing the same clothes she wore when a strike began a week ago.

Miss Morris, 35, whose measurements are 39-27-39, was suspended because her jeans and sweater were too tight and too distracting to male workers, the company said.

Local 2198 of the Lumber and Swamill Workers Union called a strike, maintaining Miss Morris did not receive a written warning to change her attire.

A union spokesman said the decision was made to return to work on the assumption that Miss Morris was not suspended, but merely sent home to change clothes.

She worked Tuesday night in loosely fitting coveralls.

Senate Probes Managed News

WASHINGTON (AP) — Arthur Sylvester, Defense Department information chief, goes before a Senate committee today for questioning on whether he attempts to use news as a weapon in the Viet Nam War.

The Senate Foreign Relations Committee hearing promised to fan the coals of the government news management dispute.

Sylvester has been a key figure in the dispute. He was a major factor in launching the controversy when he acknowledged after the 1962 Cuban missile crisis that the Kennedy administration controlled news of government actions as a weapon to force the dismantling of Russian missile bases.

Sylvester told a reporter then, "In the kind of world we live in, the generation of news by actions taken by the government becomes one weapon in a strained situation. The results, in my opinion, justified the methods we used."

Sylvester's words were recalled when the committee looked two weeks ago into the propaganda front of the Viet Nam War.

BENTON HARBOR Mayor Wilbert Smith shows rock that shattered window in his home early Tuesday during racial disturbance in the predominately Negro neighborhood on Benton Harbor's east side. (AP Wirephoto)

Historic First:

House Of Lords Has A Pregnant Member

LONDON (AP) — For the first time in history, a member of the House of Lords is pregnant.

The Countess of Erroll, 40 — who is also Hereditary Lord High Constable of Scotland — announced Tuesday night that her fourth child is due in November.

"I am absolutely thrilled," said the countess. "I suppose it is something of a record to be the first peeress to have a baby after taking her seat in the House of Lords, but frankly I hadn't given it much thought."

The upper house of Parliament was a jealously guarded male preserve until 1958, when life peeresses — whose titles die with them — were allowed in. They are made peeresses for long records of achievement which usually put them past the age of child-bearing.

Hereditary peeresses were admitted to the Lords in 1963. Lady Erroll holds one of the few British titles that can pass through the female line.

Tiny Judy Funsch Dies Early Today

Judy Lynn Funsch

ANN ARBOR (AP) — Five-year-old Judy Lynn Funsch, who underwent rare heart surgery, died today without achieving her cherished goal of enrolling in kindergarten.

The end came for little Judy at 5:30 a.m. at the University of Michigan hospital where last March she had spent six hours on the operating table for removal of an obstruction in a pulmonary vein bringing blood from the lungs to the heart. Exact cause of death was not announced.

The frail child had been home in Flint for several months before returning to the hospital for observation three weeks ago. She had looked forward to entering school this fall.

But doctors were not satisfied with her progress. Judy had failed to add any weight to her 28-pound body, tired easily, and remained pale.

In July, the girl's parents — Mr. and Mrs. Clarence Funsch — took Judy and their other two children, Debbie, 11, and Jimmy, 9, on a vacation at a northern Michigan resort to which they had been invited by the owner.

They also stopped at the State Prison at Marquette in an effort to thank the convicts who sent Judy some gifts, but the warden said such a visit was against prison rules.

Today's Chuckle

Horse sense is what keeps a woman from becoming a nag.

House Planning Curb On Rising Interest Rate

WASHINGTON (AP) — The issue of mounting interest rates and their effect on the nation's economy is churning toward House action on a wave of political controversy. A vote may come early next week.

The House Rules Committee cleared the way Tuesday for House votes on two proposals designed to limit certain interest rates.

The sponsor of one of the bills, Rep. Wright Patman, D-Tex., said the public is demanding "to know who in Congress is against high interest rates." He said the question "is sure to become a burning issue" in the November elections.

House Speaker John W. McCormack said the interest legislation will be scheduled for early House action, probably next week.

In other developments: —Sen. Russell B. Long, D-La., introduced a bill to suspend indefinitely the 7 per cent investment tax credit given businesses on outlays for plans and equipment. He said he hoped the measure would lead to a reduction in interest rates.

—The Federal Home Loan Bank Board reported interest rates on conventional home mortgages reached another record during July. The average rate on new homes was 6.12 per cent, up from 6.07 per cent in June, while the average on existing homes rose to 6.24 per cent, compared with 6.18 per cent in June.

At the Rules Committee hearing Tuesday, Undersecretary of the Treasury Joseph W. Barr indicated the possibility of a tax increase to fight inflation.

Anatomy Of A City

Factors that make for a healthy community economy are examined in a special two-part article that begins today in the Escanaba Daily Press on Page 4.

The report is based on findings made by Harland, Barthelme & Associates, planning consultants, in their progress toward a comprehensive plan for the City of Escanaba.

Most Members Urging U Thant Keep U.N. Post

UNITED NATIONS, N.Y. (AP) — U Thant returns tonight from a week's trip to Latin America to announce whether he will remain as U.N. secretary-general. His decision will be sent to all 117 U.N. delegations Thursday.

The impression among many U.N. diplomats is that despite unprecedented international pressure, the Burmese diplomat will say that he is not available for another five-year term after his current term expires Nov. 3.

Others speculate that he will leave the door open to serve for at least two or three more years. Most agree that an unqualified no would set off another round of diplomatic effort to persuade him to change his mind.

Pressure to keep him in one of the world's most demanding jobs has come from virtually all of the 117 U.N. members, including the major powers and such influential groups as the 61 Asian and African nations. It has come also from world leaders — President Johnson, British Prime Minister Harold Wilson, French President Charles de Gaulle and Soviet Premier Alexei N. Kosygin.

Even 178 members of the U.S. Congress joined in a telegraphed appeal, and some U.S. newspapers have published editorials urging him to remain. Thant, 57, is mindful of criticism that he will be taking a kind of "stop the world, I want to get off" attitude if he leaves the United Nations at a time of deepening crisis for both the organization and world affairs. But associates say that against this he has weighed a

number of considerations both inside and outside the world organization.

He has made no secret of his pessimism over the situation in Viet Nam and lack of response to his proposals for getting the war to the conference table.

US Pilots KO Missile Site

SAIGON, South Viet Nam (AP) — U.S. Navy planes pounced on two more North Vietnamese torpedo boats in the Gulf of Tonkin today, knocking one out and damaging the other, the U.S. command announced.

The attack ran up the score for the carrier-launched bombers to three PT boats destroyed and three damaged since Monday.

Other U.S. pilots reported knocking out a surface-to-air missile site 40 miles north of Vinh and hitting another SAM site only five miles west of Haiphong.

In South Viet Nam, a week-long lull in the war persisted. No significant action was reported by either the U.S. military command or South Vietnamese headquarters.

However, government officials expected increased Viet Cong efforts to disrupt the Sept. 11 election of a constituent assembly. Informal sources said more than 100 incidents had been reported throughout the nation.

Expect Senate Approval Will Be Given Later

WASHINGTON (AP) — The administration's proposal to create a Cabinet-level department of transportation has passed the House and appears likely to win Senate approval later this year.

The House passed the measure by a 338-42 vote late Tuesday after handing the administration a setback by voting 280-117 to remove the Maritime Administration from the new department.

Civil Rights Debate

Sen. Henry M. Jackson, D-Wash., second-ranking member of the Senate Government Operations Committee, said later he expected his group to approve its version of the bill sometime after Labor Day.

Although consideration by the full Senate will be delayed by an expected lengthy civil rights debate scheduled to start Sept. 6, Jackson said he anticipates Senate approval before the congressional session ends.

Senate May Differ

Jackson indicated the Senate might differ with the House action in removing the Maritime Administration and also the decision by voice vote to take out a section giving the secretary of the new department broad authority covering investment of federal funds in transportation facilities.

That section has been a major reason the bill has been bottled up in the Senate committee for some two months, but Jackson said he thought a mild version of the original administration proposal could be agreed upon.

Four Components

As approved by the House, the new department which would be the 12th of Cabinet level would have four major operating components:

1. A federal highway administration, essentially the Bureau of Public Roads now in the Commerce Department but including also the new auto and highway safety programs.
2. A federal aviation administration, currently an independent agency.
3. A federal railroad administration, composed mainly of safety functions now handled by the Interstate Commerce Commission.
4. The Coast Guard, now in the Treasury Department.

An independent office of investigation would carry out investigations of the causes of aviation, rail, pipeline or other transportation accidents, and an independent national transportation safety board would decide the probable cause of such accidents.

Weather

By The Associated Press

Escanaba and vicinity — Becoming partly cloudy and locally warmer today, high around 80. Partly cloudy with chance of showers or thundershowers and a little warmer tonight and Thursday. Low tonight near 60. High Thursday near 85. Friday outlook: chance of showers, turning colder. Winds, light, variable (4 to 12 mph) today. High yesterday, 77 and low overnight, 50. Precipitation probabilities: today, 10%; tonight, 20%; Thursday, 30%.

Upper Peninsula — Partly cloudy and locally warmer this afternoon. Partly cloudy and warmer tonight and Thursday. Chance of showers or thundershowers Thursday. Low tonight 58 to 63. Highs Thursday in the 80s.

Luna's Mission Is A Mystery

MOSCOW (AP) — The Soviet mystery satellite Luna 11 contains "an entire orchestra of rocket engines," Pravda said today.

The Communist party publication gave the first brief description of some of the equipment aboard the unmanned spacecraft but gave no hint of the 3,615-pound vehicle's mission.

Luna 11 went into orbit around the moon late Saturday night. On Monday night it sent back pictures of the moon's surface. Back tracking station. Signals from Luna 11 were picked up at Jodrell Bank again Tuesday night, but scientists there said these were not picture signals.

The Soviets announced the moon orbit some 36 hours after it was achieved but have said nothing about pictures being taken.

Ten Tons Soap For Vietnamese

DETROIT (AP) — Nearly 10 tons of soap, collected by Detroit-area teenagers, is enroute to Marines in South Viet Nam. United Air Lines said today.

The soap was collected during the past six months by 5,000 high school students. Other collections are being made by independent Order of Foresters chapters in Detroit, Grand Rapids, Flint, Saginaw, Jackson and Toledo, Ohio.

The project calls for Marines to distribute the soap in Vietnamese villages.

Worry of FALSE TEETH

Slipping or Irritating? Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This gives your false teeth a remarkable sense of added comfort and security by holding plates more firmly to gums. No gum, sticky taste. Dentures that fit are essential to health. See your dentist regularly. Get FASTEETH at all drug counters.

Escanaba Beckons:

FBI Agent May Move To Area Where Crime Is

The Federal Bureau of Investigation may move its special agent to Escanaba from Sault Ste. Marie to keep up with the Escanaba area's growing crime rate, the Rotary Club was told at the House of Ludington Tuesday noon.

Special Agent Robert Reynolds, one of two in the Upper Peninsula and 17 in Michigan, is assigned by the FBI to the Sault with responsibility for the eastern section of the U. P., including Delta County.

"This is no reflection on the people of Delta County, who are not responsible for these things—but two-thirds of my work has been in the Delta County area," Reynolds said.

There had been the thought that the special agent should reside in Sault Ste. Marie because of the international border situation.

Two Bank Robberies "Now we find there is more crime in the area near the Wisconsin border—and that's no reflection on the people of Wisconsin, either," Reynolds added.

"Within the past six months there have been two bank robberies in the Escanaba area and because the bulk of my work has been here, there is some talk of the possibility of opening the office here and closing it in the Soo," the FBI agent said.

(The First National Bank of Escanaba was held up early in the year, the Bank River State Bank a couple of months ago.) Bank robbery is one of the crimes against which Congress has specifically empowered the FBI to act, Reynolds noted.

Gathering Facts Congress stipulates whether the FBI has primary jurisdiction when it passes a bill—and this ranges from the protection

of Smokey the Bear signs to bank robberies.

The less populated north country (except during the busy tourist season) is not an area where criminals can hide out effectively or "pull a job" and escape notice, Reynolds said in reply to a question. The residents are observing and cooperative with the law in the investigation of crime, he added.

Reynolds traced the organization and development of the Federal Bureau of Investigation, which centers in Washington, D. C., with 57 branch offices, including one in Detroit.

The primary work of the Bureau is to "gather the facts" and to present them to the U. S. attorney—who in this section of Michigan is Harold Beaton, Grand Rapids, formerly of Escanaba and Wells. The district attorney then determines what form the prosecution shall take.

Gun Control Replying to the question of his opinion on proposed gun control laws, the agent said he thinks "they are way out in left field."

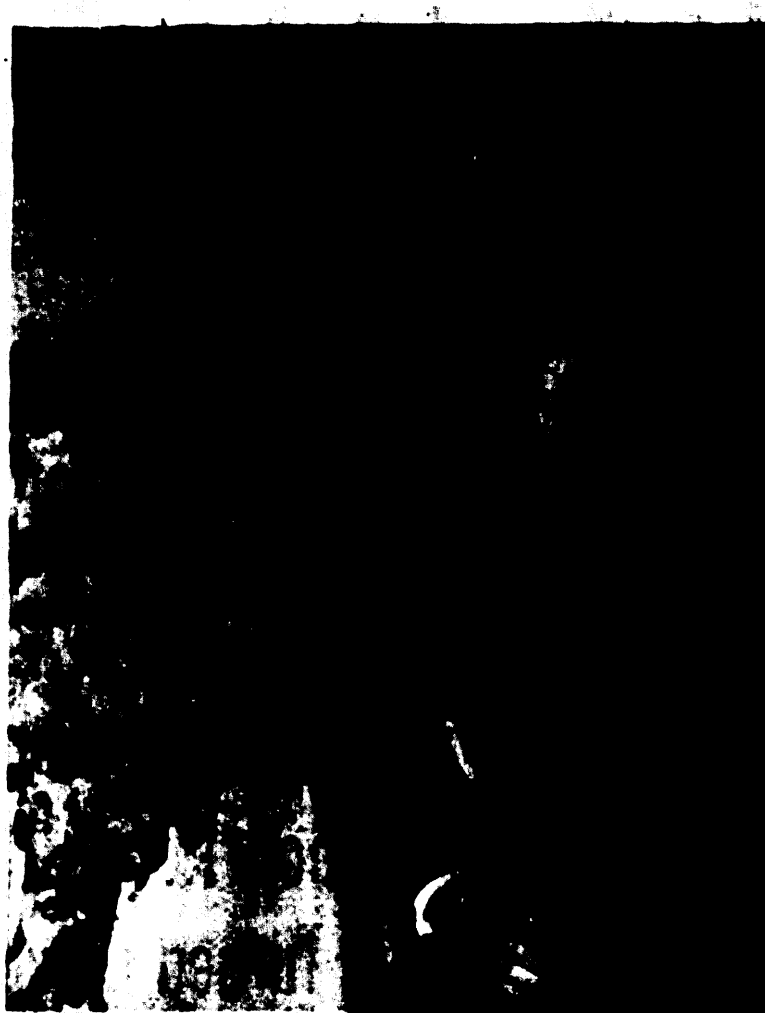

"I would ask, how can you control it even with a law? The man who wants a gun can always get one."

The cooperative role of the FBI with police and other law enforcement agencies was explained by Reynolds, who said the crime laboratory and FBI fingerprint filing system are made available to even the smallest police departments. Some 26,000 fingerprint cards are received and processed daily.

The Bureau and its agents, however can be only as effective as the cooperation of the American people, Reynolds noted. "Without this cooperation we could do nothing."

The meeting was conducted by Sherwood C. Trotter, vice president, and the speaker was presented by Alvin St. Pierre, program chairman.

Two new members were welcomed into Rotary—Frank Bourke, Michigan Consolidated Gas Co., and Leo Alperovitz, Bay de Noc Community College.

MISS JANET PAULOS and Abdul Kashab, who were among the 44 persons wounded by sniper Charles Whitman from the tower of the University of Texas at Austin, Aug. 1, leave the First Unitarian Church after their marriage in Dallas, Texas Saturday. Miss Paulos, 20, of Garland, and Kashab, 26, of Baghdad, Iraq, plan to return to the University where she will be a senior and he will write his dissertation for a doctorate in organic chemistry. They will eventually live in Baghdad. (AP Wirephoto)

Another Grand Jury Probe Starts Sept. 1

DETROIT (AP) — Against a backdrop of reported threats against high public officials, a second one-man grand jury is to begin Thursday an investigation into charges of race horse druging, bribery of public officials and other unlawful activities in Wayne County.

The probe is to be launched only five days after Grand Juror Edward S. Piggins ended a year-long inquiry in which he issued 71 indictments and four petitions to remove public officials.

Piggins, a circuit judge and former Detroit police commissioner, was being considered by fellow members of the Wayne County Circuit Court as the new juror.

Atty. Gen. Frank Kelley, who petitioned for the new grand

jury in Wayne County as well as one in adjacent Oakland County, said his action was followed by threats against his life and political career in "letters, phone calls and conversations."

Last Friday, a man called the State Capitol, mentioned Kelley's name and threatened that a bomb would explode. No bomb was found.

Piggins disclosed he has been carrying a gun ever since he was threatened by a telephone caller earlier this year.

In his Oakland County petition, Kelley sought a probe of alleged race horse doping at Hazel Park Race Track.

He charged in the Wayne County petition that horses were drugged at Detroit Race Course, that some Michigan Racing Commission and State Agriculture Department employees willfully neglected their duty and that unlicensed owners using assumed names entered horses.

Kelley also accused unnamed public officials of accepting bribes to ignore prostitution and gambling. He said some public officials used extortionate threats.

False statements of campaign expenses were filed by "certain persons, either as candidates or treasurers of political committees," the petition said.

Piggins, who was granted an extension, broadened the scope of his jury beyond original charges of widespread traffic ticket fixing in the county sheriff's department.

Gladys Cooper More Alive Than Starlets

By BOB THOMAS HOLLYWOOD (AP) — She looks like anybody's favorite grandmother — but how many grandmothers take four swims every day, rain or shine?

That is what Gladys Cooper does, and it helps explain why at 74 she seems more alert and alive than most starlets. Far from retiring, she returned from touring a Somerset Maugham play in England to do her first movie singing in "The Happiest Millionaire."

Now she plans to perform in a repertory of three Maugham plays in London, then possibly take them to New York.

She has ruled as one of the really great ladies of the English theater in the era of Shaw, Maugham and Barrie. After years of triumphs on the London and New York stages, she began her California period in 1940.

"I came out here for a two-week visit and stayed 36 years," she said. "I thought I would just come to visit friends, but Alfred Hitchcock, whom I had known in England, wanted me to do 'Rebecca.' I had known Daphne du Maurier, the author, with her life, having appeared with her father Gerald du Maurier. So it seemed like a good idea."

She remained for such films as "Kitty Foyle," "The Hamilton Woman," "Now Voyager," "Song of Bernadette," then began a seven-year contract with MGM, where she appeared in "White Cliffs of Dover," "Mrs. Parkington," "Green Dolphin Street" and "Madame Bovary."

In more recent times she has appeared as Rex Harrison's

maternal in "My Fair Lady" and matriarch of the swindling "Eugenes" in the ill-fated television series.

Miss Cooper divides her time between her Pacific Palisades home and another at Henley on the Thames. Her three children live in England — a daughter is married to actor Robert Morley — and Miss Cooper goes there when she isn't working.

Rock

Carol Anderson of Chicago vacationed for two weeks at the Leslie Tynnels home.

Mrs. Joseph Payne of Carthage, Texas, spent two weeks at the home of her brother-in-law and sister, Mr. and Mrs. Leo Kanerva, Lynn Marie, five year old daughter of the Leo Kanerva, broke her left arm recently.

Mr. and Mrs. Edward Ahlgren and family and Mr. and Mrs. Leo Laitinen and Susan spent the weekend at Indian Lake. They also visited the Big Springs.

Janis Ahlgren, Sally Waak, Carol Niemela, Vickie Carlson, Jean Kivela and other Rock young people are returning home after spending the summer working in Waukegan, Lake Forest and points south.

Auxiliary members or any other persons who wish to donate time to work in the lunch booth on Labor Day, are asked to contact Clarence Larson, The Annual Lions Labor Day Festival has increased in size each year and any help will be appreciated.

Janice Ahlgren has returned from Lake Forest, Ill., Vickie Carlson, and Carol Niemela have returned from Highland Park, Ill., Jackie Kaminen and Sally Waak have returned from Wilmette, Ill. The girls spent the summer working.

George Webb, his two daughters and six grandchildren from Hale, Mich., visited at the Ed Birch home recently. Mrs. Ed Birch and her sister, Mrs. Ila Birch, toured the Porcupine Mountain area and the Copper Country, including Fort Wilkins, with the guests from Hale. Webb has been township supervisor in Isoc County for about 23 years. His wife, who passed away Jan. 29 of this year, was a sister to Mesdames Ila and Bertha Birch.

Russ Protest Warren Report

MOSCOW (AP) — The Soviet government has told the U.S. Embassy to stop distributing a Russian-language text of the Warren Commission report on the assassination of President John F. Kennedy, an embassy spokesman said today.

The Soviet Foreign Ministry called the report "slandering to the Soviet people" and said its distribution in the Soviet Union was "improper and inadmissible," the spokesman said.

It was understood the Russians objected to parts of the Warren report that included comments by Lee Harvey Oswald on his life in Moscow.

The Warren report held that Oswald alone killed Kennedy, that the assassination had nothing to do with his life in Moscow and the Soviet Union had no connection with the crime.

There was speculation in Moscow that distribution of the report was stopped because it contradicted the Soviet version of the Kennedy assassination as a right-wing conspiracy of "Texas oil barons."

The embassy objected to the ban, denied the Soviet charges and asked the Foreign Ministry to reconsider. But the spokesman said there was little chance the Foreign Ministry would reverse itself.

Senior American diplomats could not recall another case of the Soviets asking the embassy to stop distributing an official American document.

BRILLIANT OFFICER Gen. George Armstrong Custor, although graduating last in his class at West Point, rose to the rank of brigadier general rapidly and emerged from the Civil War as one of the most brilliant cavalry officers in the Union Army.

Justices Fear Drop-Outs

Many Skip Judicial Ballot

Two justices of the Michigan State Supreme Court today asked voter support for re-election at a breakfast meeting in the Sherman Hotel arranged by the Delta County Democratic Committee.

Michigan has an Alice-in-Wonderland method of electing its Supreme Court justices. They are nominated in party

conventions and then run on a judicial ballot with no party identification. Or they can nominate themselves under the new state constitution.

Chief Justice Thomas M. Kavanagh and Justice Otis M. Smith were the speakers at the breakfast meeting chaired by Prosecutor Nicholas Chapakis.

Justice Kavanagh has served on the court for 9 years, one full 8-year term plus one year of grace under an extension necessitated by adoption of Michigan's new constitution. He is a former attorney general of Michigan and was a Carson City attorney before entering government.

Veteran Official

Justice Smith has been a member of the court for five years, and previously was chairman of the Michigan Public Service Commission and auditor general of Michigan.

Both, in brief talks to the breakfast group, cited that the Michigan State Supreme Court has been given high marks for progressive excellence by such legal leaders as Chief Justice Earl Warren of the U. S. Supreme Court. It is usually, they said, coupled with California among the state high courts singled out as outstanding in the nation.

The 8 year terms to which the justices seek election on Nov. 8, pay \$32,500 a year. Nominated by the Republicans at their Detroit Convention Aug. 27 for the Supreme Court to oppose Kavanagh and Smith were Judge Thomas E. Brennan of the Wayne County Circuit Court, and South Haven Attorney Meyer Warshawsky, a member of the State Workmen's Compensation Appeals Board who was the GOP nominee for attorney general in 1964.

Court Agrees

Justice Smith said that the Michigan court has achieved a record of more than 80 per cent unanimity on decisions—better than most state supreme courts—and that where it has been divided it has been because of philosophical considerations—which can follow party lines—than because of partisan view.

"When the needs have justified," said Justice Smith "the Michigan Supreme Court has not hesitated to overrule established precedent. For years if a person were injured at a charitable institution it was the rule of law that was just tough for the victim, but that he couldn't recover from a charitable institution, even if there was negligence.

"The court thought that consumer need (the public interest) overrules this principle if the person were injured through no fault of his own. No mischief has been created because the institutions can be

insured and the individual who is hurt can be protected.

Procedure Reformed

"The court also ruled against government immunity. This started with import to America of the idea that the king could do no wrong and that no matter what the injury or loss, a person couldn't sue the government except with its permission.

"We have tried to update the rules of the (legal) game and also revised procedural law to help the individual get his case properly before the court. We have adopted new rules to put less emphasis on technicalities and more on truth and fact finding."

It goes against the grain for officials to be asked if Joe should be in prison in proceedings by persons already imprisoned, said Smith but the Michigan Supreme Court acted to permit comprehensive review of criminal trials resulting in imprisonment.

"It was said," said Smith "that the cost of such action would be as much as \$4 million a year in Wayne County alone, and it was said that the cost in Ingham (Lansing) County would be \$900,000 a year for such appeals.

Court's Advances

"We were worried, out we knew that there would be no such costs (to finance prisoner's appeals at the public expense.) In the first year such relief given to persons in prison in all Michigan's 83 counties amounted to less than \$44,000. It will be higher this year."

Chief Justice Kavanagh told the court's progress in establishing an annual state judicial conference and regional conferences with the circuit judges, and legislation to provide more circuit judges and reduce the time required to hear a case in Michigan. Coming up, he said is legislation to create a system of minor courts in Michigan.

"We must run on a non-partisan ticket," said Justice Kavanagh. "We can't be elected on our own efforts. If people are interested in the improvement of our judicial system, we want them to know that we have only one part of the job."

"I am concerned that there are 700,000 persons in Michigan who are voter drop-outs. They vote the partisan ballot, but do not vote the judicial ballot."

GUESTS AT A BREAKFAST meeting at the Sherman Hotel this morning were two justices of the Michigan State Supreme Court, who are campaigning for re-election on the judicial ballot in the Nov. 8 election. From left: Rep. Einar Erlandsen (D-Escanaba), Justice Otis M. Smith of Flint, Chief Justice Thomas M. Kavanagh of Carson City and George St. Louis, chairman of the Delta County Democratic Committee. Philip S. Clark Taken By Death

Philip S. Clark of Wells, prominent in the business life of the community for many years, died at 2 a. m. Tuesday in the Fairfax Hospital, Falls Church, Va.

He had been in Virginia visiting his daughter, Mrs. Paul M. Cattenburg of Vienna, Va. Mr. Clark was born in Gladstone on Oct. 1, 1891. For many years he was purchasing agent for the I. Stephenson Co. of Wells, later was second purchasing agent and sales manager for the Shepek Dimension & Lumber Co.

Prior to his recent retirement he was manager of the Schoolcraft Dimension & Lumber Co., Manistique.

Mr. Clark was a member of St. Stephen's Episcopal Church, was a veteran of World War I and was a member of the American Legion.

Surviving are one daughter, Mrs. Paul (Marie Louise) Cattenburg, and two sisters, Mrs. Gerald Downs of Grand Rapids and Mrs. Don Miller of Benton Harbor and five grandchildren. His wife, June died March 29 of this year.

Friends may call at the An-

Person Federal Home from 4 Crandall Honored

Complete funeral services will be held at the Funeral Home at 1:30 p. m. Saturday with the Rev. Ben Helmer, rector of St. Stephen's Episcopal Church, officiating.

Burial will be in Gardens of Rest Cemetery.

Polaris Base

NEWPORT, R.I. (AP) — Testing has begun of the \$1.5-million standby Polaris submarine replenishment base here.

Bruce M. Crandall of Daggett

Bruce M. Crandall of Daggett has earned the high honor of qualifying for Woodmen Accident and Life Company's top sales production club. His outstanding production performance from August 1, 1964 to July 31, 1966 in the sale of life, health, accident, hospital and group insurance entitles him to membership in the President's Club. He was honored at the Company's convention held August 24-27 at San Francisco, California.

Tropical Storm Avoids Taming

MIAMI, Fla. (AP) — Hurricane Faith roared in the open Atlantic today on a path that denied scientists another extensive and delicate attempt to dilute her fury.

Unless Faith veered sharply to the east and slipped into the target area for seeding, scientists halted plans of Project Stormfury to tame her wild 120-mile-an-hour winds by bombarding her with silver-iodide crystals.

Forecasters continued to predict a northwesterly or a northerly course for the season's sixth tropical storm. That would mean that anxious scientists will have to wait for another

hurricane to carry out the plan. Advisories throughout Tuesday indicated that the center of the storm was too close to land for the experiment.

Early today, Hurricane Faith's center was located by reconnaissance aircraft about 450 miles east of Daytona Beach, Fla.

Her main threat was to small craft along the South Atlantic Coast, around Bermuda and the northern Bahamas. Mariners in those areas were warned not to venture far from shore.

Besides 120-mile-an-hour winds near the center, Faith spun out lashing gales for 500 miles.

City To Bond For Industry

MUNISING — Municipal officials and civic leaders are making plans to issue 70 million dollars worth of revenue bonds to help finance construction of a 100 million dollar pulp and paper mill.

If the city is able to float such a bond issue, Oxford Paper Co. will build a plant which would employ 450 persons and provide additional employment to area woods workers.

Plans for the bond issue were started immediately after the city was notified of a Michigan Supreme Court ruling which upholds the constitutionality of the state revenue and bonding act. This law, passed in 1963, permits a city to issue revenue bonds to finance buildings for industrial use, with a private concern then leasing or purchasing the property from the city.

Such municipal bonds are exempt from federal income taxes.

Oxford Paper in June announced its intention to construct a mill here if the supreme court acted favorably on the tax free financing law.

Besides selling the bonds to help finance the mill project, Munising also hopes to be able to purchase equipment for use by Oxford Paper. A measure now pending before the legislature will permit such action.

Oxford, which hopes to have the mill in operation in mid-1969, would rely for much of its wood supply on timber owned by the Cleveland-Cliffs Iron Co.

Johnson Expected To Visit Detroit During Labor Day

WASHINGTON (AP) — "All the indications are" that President Johnson will visit Detroit on Labor Day, a well-placed congressional source said Tuesday night.

White House policy on President Johnson's trips has been to withhold until shortly before departure the details on where he will stop.

Tourist Season

A banner tourist season for the Upper Peninsula comes to an end this week. Except for the November deer hunt, the Northern Peninsula will not again be invaded by such numbers of vacationing visitors until school is out next year.

Although the Upper Peninsula is gaining a reputation as a year round vacation spot with its fall color tours and hunting seasons and its excellent winter sports facilities, Labor Day and the start of a new school year effectively cut off mass visitation by families for prolonged vacationing.

Those who came to the Upper Peninsula this summer and the thousands upon thousands who will follow them next summer and in succeeding summers were lured here largely by the region's scenic sights, some of them unmatched anywhere in the world.

Arthur Juntunen, travel editor for the Detroit Free Press, recently undertook to catalog these attractions. He compiled a "travel editor's choice" of the "top 10" attractions in the Upper Peninsula—a self-imposed assignment that admittedly leads to controversy. But Juntunen is eminently qualified for the task, having been born and reared in the Copper Country and thoroughly familiar with it and other parts of the Upper Peninsula.

Even so, he approached his task with a certain amount of trepidation. "We've been asked—may challenge," he said, "to answer the question: 'What, in your opinion, are the 'top 10' attractions of the Upper Peninsula—manmade and natural?'"

"As sure as blueberries, the question comes up at least once a year, and we confess it gives us the willies because it is like picking the best part of the rainbow."

With this as prologue, Juntunen plunged into his ordeal and came up with this selection (not necessarily in order of preference):

Brockway Mountain Drive and Fort Wilkins in Keweenaw County; Arcadian Copper Mine in Houghton County; Porcupine Mountains in Ontonagon and Gogebic Counties; Tahquamenon Falls in Luce County; Pictured Rocks in Alger County; Kitch-iti-kini (the Big Spring) in Schoolcraft County; Straits of Mackinac Bridge in Mackinac County; Soo Locks in Chippewa County and Fayette in Delta County.

Two outstanding attractions missing from the list come immediately to mind—Mackinac Island and Isle Royale. But Mr. Juntunen covered this omission by pointing out that, "If you could count it as part of the Upper Peninsula mainland, Isle Royale, the national park gem in Lake Superior, would be included in the 'top 10,' no question."

Some might quarrel with the absence of some of their own favorites from Mr. Juntunen's list—the Seney National Wildlife Refuge, for instance, or Blaney Park or Bond Falls or Agate Falls or Presque Isle or any number of other equally wonderful places in this land that abounds in wonderful places.

Sylvania, which was just acquired by the federal government and is to be developed as a huge recreation area, almost certainly will find a place on almost anyone's "top 10" list when it is opened to the public.

But by and large it is difficult to quarrel with Juntunen's nominations. And anyone who has seen all of his "top 10" has enjoyed a reasonably good indoctrination into the charm of the Upper Peninsula. For those who haven't visited all of these "top 10" there is no better time than now—in late summer and early fall after the tourist season rush has ended and the welcome breath of autumn is on the land.

From Cave To Power

By RAY CROMLEY

WASHINGTON — (NEA) — The announcement that Defense Minister Lin Piao is now Mao Tse-tung's heir apparent in Red China calls to mind the Lin of 21 years ago.

Lin's cave in Yenan was not very far from mine. Sometimes we would talk. He spoke only Chinese, but he had an interpreter who, like myself, spoke Japanese.

Lin Piao was no peasant. He had an adroit brain. He was a disciple of the indirect approach — of never hitting a target head-on.

In telling of his experiences he was strongly impressed by what men could do with a few weapons against a greater force if they had the spirit.

His training methods were intense and probably largely responsible for his military successes. But he believed firmly that an army must rely first on winning the political victories which set the stage for military victories. Therefore, an army, he said, must first be political. He believed that a knowledge of what he was fighting for was even more important in an officer and enlisted man than the quality and number of his weapons.

In eight months he and I were in contact during World War II. Four things were clear: He was able to build strong loyalties in the men under him.

He had a keen military analytical mind.

He was always busy building friendships in the right places.

He was leery about whom he trusted.

Lin Piao was definitely a Communist. He objected strongly to those Americans who called the Yenan group only agrarian reformers. He said strongly that Mao and all of the men around him were genuine Marxists—that is, Communists.

But when we talked, Lin Piao was a pragmatist—not a rabid fanatic. In the Yenan days, there were Communists who wanted to fight not only the Japanese, but all western countries as well—because they considered them "imperialists."

A justice-of-the-peace marriage sometimes initiates a lifelong fight by the happy couple.

Upstage your friends and they'll quickly put you out of the limelight.

The gal who says she can read a man like a book is quite apt to wind up on the shelf.

Busiest thing on earth—an idle rumor.

Both the Michigan Employ-

Escanaba's Future Keyed To Opportunity

YEAR	POPULATION
1985	19,500
1980	8,200
1975	7,000
1970	6,000
1966 (Est.)	15,600
1961	15,391

ESCANABA'S population will grow to 19,500 in 1985, it is forecast by the city planners — a gain of almost 4,000 in 20 years.

Growth Factors Noted In Study

Reports by city planners Harland, Bartholomew & Associates to the City Council are basic for summaries presented by the Escanaba Daily Press as a public service. This is the first of two parts.

By CLINT DUNATHAN

By 1985 Escanaba will have a population of nearly 20,000.

The city will be even more firmly established as the leading retail trading center of the region.

There will be a more diversified industry and employment will become more stabilized.

These are some of the conclusions reached by Harland Bartholomew & Associates, professional planners retained by the City of Escanaba, in preliminary reports on Population and Economic Study. But there's a big "IF" involved.

"The economic forecast represents not so much a prediction of what will happen as an indication of what can happen IF the opportunities of the future are capitalized by the people of Escanaba," the report concludes.

Harland, Bartholomew & Associates, Chicago, is recognized as one of the leading planning consulting firms in the nation.

The City of Escanaba hired the firm to do a comprehensive planning study of the city, with the study of the downtown business district to receive priority.

Progress reports have been made to the Council and the Planning Commission from time to time, and the most recent were rough drafts of the Population Study and Economic Study.

One of the earliest recommendations by the planners (in response to Council request) covered the acquisition of two off-street parking areas in the downtown business district. The Planning Commission and Council concurred in the need for the two areas and the Council hired appraisers to establish values of the properties which would have to be acquired to clear the proposed parking lots.

The appraisal is now in progress. Should the Council proceed with the acquisition, it has promised that a fair and equitable price will be paid for all properties.

There is continuing discussion that may lead to the sponsorship by the city of an urban renewal project for the downtown district. Should this materialize, the project cost would be shared by 25 per cent local contributions and 75 per cent federal funds.

Meanwhile the Council seeks public understanding of the planning program. Should urban renewal be undertaken, a citizens advisory committee will be required.

The most recent reports of the planners are presented in summary by the Daily Press as a public service.

Population: Continued Gains

Escanaba will have a population of 19,500 by 1985 — a gain of almost 4,000 in 19 years — according to the future population projections of the planning consultants.

The projections are only estimates, the planners warn. No precise figure can be given for a future population for a particular date.

"However, none of the assumptions and factors used in determining these estimations are unreasonable." The comprehensive plan for the city, designed in part on the basis of the population projections, is flexible enough to be adjusted to any variations, it is noted.

Population in Michigan as a whole is increasing, while the U.P. has shown a general decline since 1920.

There has been a movement of younger people from the Escanaba community as elsewhere in the Peninsula because of a lack of job opportunities.

"Although no specific figures are available, there are indications that this trend of out-migration in the 20-38 age category has slowed considerably in the past two or three years," it is reported.

"Both the Michigan Employ-

ment Security Commission and the Upper Peninsula Committee on Area Progress note a considerable shift in this pattern.

The reasons for this are the vocational training programs of Bay de Noc Community College, Northern Michigan University, and other public institutions; increased willingness of employers to provide expanded on-the-job training programs; and increased job opportunities.

Past population trends are considered in predicting future population. The assumption is the community will continue to grow at the same rate as in the past or as a percentage of other areas.

Using this method, Escanaba's future population is projected to approximately 19,500 for 1985.

"This represents a growth of about 310 persons per decade and is based primarily on the 2.0 per cent growth rate that has prevailed in Escanaba since 1930."

Geography And Transportation

"The location of Escanaba is important in that it is the largest urban center on the southern shore of the Upper Peninsula."

"This makes Escanaba a natural shipping link to the large ports of the Great Lakes."

"The area has good railroad, highway and water transportation facilities."

North Central Airlines proposes to add additional flights and begin operating all twin jet aircraft in the fall of 1967 and the spring of 1968.

"Escanaba has a temperate climate with cool days and generally low humidity in the summer." Summers have an average temperature of 64 degrees; there is relatively little snow in winter compared to other U.P. cities; and the average winter temperature is 19 degrees.

Resources

The community has an abundant supply of water which is given modern treatment before distribution.

The city-owned power plant, operated by the U. P. Power Co., has a 25,000 kilowatt capacity and power is transmitted throughout the city over an extensive distribution system.

Coal and fuel oil comes to Escanaba mainly by water with considerable savings to users. In the city and within 10 miles there are storage facilities for more than 50 million gallons of heating oils and gasoline.

Natural gas is available from the Michigan Consolidated Gas Co.

Employment And The Job Outlook

"The distribution of employment in Escanaba is well balanced between manufacturing, retail trade, business services, and transportation, communication, and public utilities."

"Manufacturing and business services have each gained substantially since 1950, while the retail trade and transportation, communication and public utilities categories have declined. These trends are viewed as beneficial to Escanaba and are consistent with regional and national trends."

"Employment trends since 1950 indicates a continuance of this balance. In contrast to what might be called the 'single industry' town, Escanaba has a diversified economic structure."

"While this diversification may not encourage an unusually rapid growth, it does assist in assuring stability and pro-

HARNISCHFEGGER CORP. is Escanaba's largest employer. More diversification of industry and a growing employment are anticipated for the area. Manufacturing will play an increasingly important role in the economy, the city planners report. (Daily Press Photo)

Ann Landers

Bellhop Tired Of Half-Clad Customers

Dear Ann Landers: I work as a bellhop and room service waiter in a well-known hotel. I am sick and tired of women who let waiters into their rooms when they have a towel just barely draped around them. Some women yell, "Come in," when they are wearing only a nightgown. Do they think we are blind?

It doesn't make any difference who they are. The school teachers, and lady executives are just as brazen as the show girls who entertain at stag parties. I've been asked to zip and hook and unbutton so many dames I feel like a stage mother. Any advice?—S. O. S.

Dear S. O. S.: Yes. Get a job hopping bells at a men's club.

Dear Ann Landers: I was interested in the letter from "Old World Thinker" complaining about her nephew's sloppy thank you note.

The woman felt the boy's mother should have corrected the spelling and made him write it over. You said it was admirable that a 10 year old boy would write a thank you note and that if he expressed what he felt, the spelling was not important.

I am so happy you gave that advice, Ann. Our unofficially "adopted" son who is now 30, refuses to write letters because his father (a high school principal) was also an "Old World Thinker."

When the boy was a youngster away at camp he wrote several letters to his parents telling them what a good time he was having. At the close of the camping season his father returned all the letters—with corrected spelling and punctuation. This so deflated the lad that he quit writing letters.

We've tried to explain we don't care about anything except hearing from him, but that early hurt left him so badly scarred he never recovered.

—MRS. R. J. H.

Dear Mrs. J.: Thanks for the superb support. You couldn't have produced a finer piece of evidence.

Dear Ann Landers: Ever since my father-in-law died of a heart attack six years ago, my husband's mother has been nagging him to take care of himself because "heart attacks run in the family."

She has tried to get Sheldon to move into the guest room and that didn't work. But her hands are never idle. Every week she sends him obituary notices of people who have

died of heart attacks. All her clippings are about men under 60.

Whenever she sees Sheldon lifting something heavy she says, "Stop that. Let your wife do it." The classic was last week. The car stopped and Sheldon said it must be the battery. His mother announced, "If the car has to be pushed, your wife can push it."

Sheldon hasn't had a sick day in 15 years. I wish I could say the same. Please debunk the myth that heart attacks run in families so I can send a clipping to my mother-in-law for a change. Thank you.

—TIED

Dear Tied: Heart attacks DO run in families but that doesn't mean Sheldon can't live to be 100 if he takes care of himself.

By "take care of himself" I don't mean move into the guest room, or let his wife push the car. I mean keep his weight down, exercise regularly, get enough rest and stay away from cigars and booze.

If you have trouble getting along with your parents if you can't get them to let you live your own life, send for Ann Landers' booklet, "Bugged By Parents: How To Get More Freedom." Send \$50 in coin with your request and a long, stamped and self-addressed envelope, address in care of Escanaba Daily Press.

The Doctor Says:

By Dr. Wayne C. Brandt

Q—After my first pregnancy I developed varicose veins. With each succeeding pregnancy I had to wear an elastic stocking. If I wear one now will it keep the veins from getting worse? Is it better to have varicose veins injected or removed?

A—Support of the weakened veins with an elastic stocking or a roller bandage with an elastic weave will neither cure your varicose veins nor prevent them from getting worse. If properly applied they will act as a temporary stop-gap. Put it on before you get out of bed in the morning. While doing so keep your leg elevated above the rest of your body. The support should reach from your toes to just below your knees.

Such complications as leg ulcers, infection and the breaking loose of clots which may lodge in vital organs and obstruct their circulation may result when varicose veins are neglected. For this reason a permanent cure should be sought.

Injecting these veins with a clotting substance puts them out of circulation. After that they become scar tissue. Some surgeons disapprove of this method of treatment but if the clotting agent used is tetracycline sulfate and if the operation is performed in the early stages of the disease the results may be satisfactory.

Removing the vein is the treatment that is most likely to cure the condition and is preferred by most surgeons. Frequently, following removal of the main offender, the surgeon will inject clotting agent into the smaller varicosities that are left behind.

A new electronic device has been used successfully to destroy these stragglers. It works more quickly and effectively than the older method with minimal pain and gives a better cosmetic result. Following this operation the patient is able to walk in about 12 hours and is completely recovered in 4 to 8 weeks.

DOOLITTLE MISSION

Eighty fliers took off in 18 bombers from the carrier Hornet in the famous Doolittle bombing mission of Tokyo. Their one-way mission landed most of them in prison camps for several years.

MAYOR JOHN V. LINDSAY departs, to the applause and smiles of delegates, after speaking to the Veteran of Foreign Wars convention at the New York Hilton Hotel. The VFW staged its parade down Park Ave. Tuesday from 6:15 to past midnight. The skirl of bagpipes and booms of bass drums kept the residents awake. City Hall switchboards were flooded with complaints. Lindsay had called VFW uncooperative for prolonging the loud parade. Thursday he mixed humor with salesmanship in his talk, and invited the vets to come again. (AP Wirephoto)

Peninsula Potpourri

MARQUETTE — "No cause of action" was the verdict rendered by Judge Bernard H. Davidson of Negaunee in Marquette County Circuit Court in an intermediate school district reorganization case. A motion for a preliminary injunction to prohibit holding of a Sept. 13 reorganization election had been filed by DeFant & Bridges, Negaunee law firm, on behalf of five school districts.

MENOMINEE — Richard V. Yenchusky, community school director for the Menominee Public Schools for the past year, has accepted the position of superintendent of schools at Crivitz, Wis.

Yenchusky is a native of Marquette, Wis., where he attended high school. He started his college career at Lakeland College and later transferred to Central State University at Stevens Point, Wis.

Rock

Wesley Ruchonen recently received an honorable discharge from the U. S. Army, after 20 years of service. The family visited at the Ruchonen farm for three weeks before traveling on to Orlando, Fla., where they will make their home.

There will be refresher lesson for the Rock Community Ambulance drivers at 7 p. m. Tuesday Aug. 30th at the Fire Hall. Mrs. Ed Kaminen will instruct on the administration of oxygen. There are three new drivers, Oscar Saari, Gene DeKeyser and Elmer Lepisto. Other drivers are Walter Mennie, George Weingartner, George Kuleck, John Berg, Martin Kaminen, Bob Weingartner, Maini Halmesoja, Sulo Peltola, John Norman, Clifford Carlson and Eino Salmi.

Mr. and Mrs. Donald Athanas and sons have returned to Waukegan, Ill., after spending a week at the Donald Aaltos home.

Mr. and Mrs. Donald Aalto have moved to the William Hoien ranch in west Rock.

George Lusardi Jr., has returned to Polo, Ill., after visiting his father, George Lusardi. Mrs. Roy Chandler has returned to South America after visiting the Herb Westlunds during the summer.

Mr. and Mrs. Leslie Wilson of Anaheim, Calif., spent several days with his sister, Mrs. Ellen Lampsa.

Mr. and Mrs. Tom Louman of Lake Forest, Ill., are spending two weeks at their home in Rock.

Go Ahead, Mr. Gas Salesman TALK YOUR HEAD OFF

You Still Can't Beat OIL HEAT!

Nothing Beats OIL HEAT! It's More Powerful! Better In Every Way! Let The Gas Man Talk His Head Off BUT YOU KEEP YOURS! Get The FACTS Behind The Gas TALK Before You Make A Move About Heating Fuels!

QUESTION:

Will it actually cost us less to heat our home with your fuel than with fuel oil, and will your company guarantee this in writing for next year and the future?

QUESTION:

If you can't guarantee our fuel cost savings now and in the future, and we must invest hundreds of dollars in new equipment, please explain how you can say your fuel costs less?

QUESTION:

Isn't it true that oil and other fuels are equally and completely clean in the home because all are burned in a sealed combustion chamber and exhausts are carried off via the chimney?

QUESTION:

By using modern oil heat, we are free to buy our fuel and service where we choose. If we are unhappy with your heating fuel, your service or increased rates, can we change to a competitive fuel supplier?

QUESTION:

Our oil fuel gives us more than twice as much hot water, faster, at less cost per month. Can your system match this?

Don't Gamble . . . Heat With Safe, Economical

OIL HEAT!

DELTA COUNTY OIL HEAT COUNCIL

Must Pay \$4,636:

Judge Sentences Two Young Men

Probation sentences and restitution in an amount of nearly \$5,000 were ordered for three young men who entered guilty pleas in Delta County Circuit Court today.

Judge Bernard H. Davidson heard the pleas at a session of court at 11 a. m.

Philip R. Lanaville, 18, of Cottrell Rte. 1, and Michael B. Kossow, 18, of Gladstone Rte. 1, pleaded guilty to charges of malicious destruction of property.

They were charged with maliciously causing damage to a number of automobiles and breaking two store windows in Escanaba on July 15.

Pay \$10 Per Week

Noting that both came from good families, Judge Davidson ordered each to a probation sentence of five years and quoted an old saying that "a man on probation carries the keys to jail in his own pocket."

Each is serving 60 days in jail, retroactive to July 16, and each youth must make restitution in the amount of \$2,318 for the damage. The restitution payments are to be made at the rate of \$10 per week starting two weeks after their jail sentence is ended.

Kossow has been offered employment in Wisconsin and his probation was transferred there.

Lanaville was driver of the automobile in which five youths rode on their nighttime pathway of malicious damage.

Kossow and Lanaville waived examination and were bound to Circuit Court on July 16 when they appeared before Justice A. J. Mortier in Gladstone.

Breaking, Entering

They had pleaded guilty to charges of simple larceny in the theft of copper wire from Foy Arbour of Bay View and were sentenced to 60 days in the Delta County jail on that charge.

Three boys, one 15 and two 16 years old, all of Gladstone

Rte. 1, were referred to juvenile court.

The five youths rode about the city for a couple of hours, throwing rocks at parked automobiles, breaking glass and damaging car bodies. They also broke two store windows.

After their arrest they told officers they had no "grudge" against anyone and "just wanted to raise a little hell."

A third youth, Earl H. Tews, 20, of Petoskey, was arraigned before Judge Davidson today on charges of breaking and entering and was placed on probation for three years.

The court noted that he has no previous record.

He must make restitution to the Petoskey Antler Club in the amount of \$58, plus damages to a cabin, and for a motorbike. The court ordered that he also obtain out-patient psychiatric treatment.

China Expels Teaching Nuns

HONG KONG (AP) — Eight weary Roman Catholic nuns — victims of the purge in Red China — arrived in Hong Kong today.

Sister Eamon, 85, the former Mary O'Sullivan of Ireland, fainted as she prepared to leave Chinese soil and had to be carried across the border to Hong Kong in a baggage cart.

She and Mother Mary of the Cross, 76, the former Winifred Duff of Canada, were hospitalized suffering from general fatigue. A spokesman said they would stay in the hospital several days.

The other six were taken to a convent. "All of them are healthy," a nun at the convent said, "but they're all very tired and they would like to rest."

One of the nuns was on crutches because of injuries in an accident several years ago.

The nuns were attached to the Sacred Heart Academy in Peking, a girls' school run by the Franciscan Missionary of Mary. Last Thursday members of the militant young Red Guard, on a rampage against foreign influences, invaded the school, hoisted the Red flag over it and plastered the walls with demands that "foreign devils" get out of China.

The nuns said the teen-agers forced them to stand for about 30 minutes against a wall with their heads bowed. The Communist government closed the school and expelled the nuns.

The nuns ranged in age from 40 to 85. They are natives of Canada, France, Greece, Italy, Ireland, Poland, Scotland and Switzerland.

Unwed Parents Face Prosecution In New Jersey

FREEHOLD, N.J. (AP) — Unwed parents seeking county aid for their children may get an indictment for fornication or adultery, Monmouth County officials said.

Freeholder Marcus Daly, a member of the county's governing board, said Tuesday that such persons will be reported for prosecution on whichever charge applies.

Both offenses are misdemeanors. In New Jersey, misdemeanors require a grand jury indictment.

Daly said Monmouth County spends about \$1.5 million a year for about 3,000 dependent children — many from unwed parents.

Daly, in charge of county welfare, announced the new plan after conferring with the county prosecutor, the acting welfare director, the chief of county detectives and a welfare board attorney.

SYMBOLIZING THE "new look" of student populations across the nation are Edgar W. Granskog and his family from Stephenson. All five are Michigan State University students at East Lansing. Pictured here in the MSU library are, from left, Alice, 21, a psychology major; Jane, 20, anthropology; David, 23, animal husbandry; Mrs. Dorothy Granskog, elementary education; and Edgar Granskog, agricultural education. (MSU Photo)

Family Goes To University

Five Granskogs Seeking Degrees

The family is now one of the "in" groups on the nation's college campuses.

At Michigan State University, East Lansing, for example, David, Alice and Jane — ages 23, 21 and 20 respectively — are working on bachelor's degrees.

Edgar W. and Dorothy Granskog of Stephenson just couldn't wait to educate their children first.

Instead, they are making college a family affair and education a way of life. At some time during the last year, they and their three eldest children

have all been enrolled in MSU classes.

Both Dad and Mom are MSU alumni working toward advanced degrees. David, Alice and Jane — ages 23, 21 and 20 respectively — are working on bachelor's degrees.

They maintain two homes, one in the Upper Peninsula and an apartment in East Lansing. And they are all helping to finance this costly educational venture.

Dad, who takes classes only in the summer, is a full-time teacher of vocational agriculture at Stephenson High School. He's been there for the last 23 years since graduating from "State" in '43 with a B.S. in agriculture.

Mom at Clinle Mom works part-time as associate director of the College of Education's reading clinic. The youngsters have all held

a variety of part-time campus jobs.

Academic distinction is no stranger in their household, and Granskog senior, the son of a Swedish immigrant, points proudly to his family's achievements and contributions to education.

He, himself, taught for eight years in a rural school before going on to college.

David, who will graduate this summer with a degree in animal husbandry, has been a member of Alpha Zeta, an honorary organization for junior and senior college men pursuing careers in agriculture. Last year he won an American Society of Animal Science award.

Like his father, he plans to teach high school agriculture. He and his wife will move to Kingsley where he has signed a contract to teach.

Alice is a psychology major entering her senior year whose grade point average won her membership in the university's Honors College, a select society of able students who earn an A-minus average during their freshman year.

Straight A Students Both she and her sister Jane, an anthropology major, earned straight "A" grades during spring term this year. It was the fourth time that Jane, a junior, had attained the perfect "A" record.

Both sisters intend to go on to postgraduate studies.

Though Granskog has his eye on a master's degree, he had other reasons for returning to

MSU. He wanted to prepare some new courses for Stephenson's vocational agriculture curriculum.

Mrs. Granskog, also a teacher by profession, is working toward a doctorate in elementary education with a specialization in reading.

She earned her M.A. at MSU in 1958, then worked as an elementary school teacher and reading consultant in Escanaba for the next few years before having her sixth child Andrew, now almost three.

When the back-to-school bug bit her in 1963, Mr. Granskog packed her down to East Lansing to set up housekeeping for the rest of their college-bound family.

Three more Granskogs remain to be put through college, younger daughters Carol and Lois, and Andrew.

Though it will be at least 1982 before he is ready for college, Dad is adamant that Andrew will also look on MSU as his alma mater.

State Fair Queen Judging Starts

DETROIT (AP) — The search for the "fairest of the fair" starts tonight with preliminary judging in the Miss Michigan State Fair contest.

Only girls who hold beauty queen titles are eligible to compete for the crown as ruler of the 117th State Fair in Detroit.

A little young for the beauty contest is nine-year-old Lila Wagner who, nevertheless, claimed a share of the beauty honors at the fair Tuesday. Miss Wagner won the Ponytail Contest. Her 40-inch tresses, reaching below her knees, were the longest in the children's contest.

Killed In War

WASHINGTON (AP) — Army Spec. 4 Daniel L. Earlenbaugh, son of Mrs. Angie B. Earlenbaugh of Muskegon, was killed in action in Viet Nam, the Pentagon said Tuesday.

Red Defector Says Peking Is Not Softening

NEW YORK (AP) — A Red Chinese diplomat who defected to the United States says Peking is still very cautious about a direct confrontation with this country.

But he foresees no softening of Communist China's policy towards the United States under the regime of Mao Tse-tung.

Mao Chen-pai, 29, who sought asylum in the U.S. Embassy in Damascus, Syria, last month, told newsmen Tuesday that Mao is facing serious opposition within China.

Ike Supporting Robert Griffin

WASHINGTON (AP) — Sen. Robert P. Griffin, R-Mich., is supported by former President Dwight D. Eisenhower for election to a full, six-year term in the Senate.

The former Republican president said Tuesday, "The people of Michigan have one of the finest opportunities in the nation this year to help restore responsible government at the national level and to maintain vigorous representation in Washington, D.C."

"They can do so by electing Sen. Robert Griffin to a full, six-year term in the U.S. Senate," Eisenhower said after he met with Griffin at his Gettysburg, Pa., farm.

In a statement released through Griffin's office, Eisenhower said he had known the former five-term House member for many years. He described Griffin as a man of great capacity and integrity.

Griffin's opponent for election this fall is G. Mennen Williams, former six-term governor of Michigan.

Gov. George Romney appointed Griffin last spring to fill the Senate vacancy created by the death of Sen. Patrick V. McNamara, D-Mich.

US Plywood And Champion Paper Plan To Merge

NEW YORK (AP) — U. S. Plywood Corp. and Champion Papers, Inc., two giant wood products firms with combined sales of nearly \$1 billion, announced Tuesday they had reached a tentative agreement on a merger.

The agreement is subject to the approval of both directors and stockholders of both firms. The directors will meet Thursday.

The organizational identities of both firms would be preserved.

The proposal calls for issuance of .86 of a share of U.S. Plywood common stock for each share of Champion Papers. U.S. Plywood has 6,711,317 shares outstanding, and Champion Papers 6,396,000.

U. S. Plywood had sales last year of \$541,349,000. It has 90 plants and 164 branches, employing 19,000 persons. It manufactures, buys and sells Douglas fir plywood, doors, lumber and other products.

Champion Papers, based in Hamilton, Ohio, makes pulp, paper, and paperboard, and distributes industrial papers. It also makes and sells containers and consumer products. It has annual sales of \$456,313,000 and employs about 12,500 persons.

Ease Traffic

LANSING (AP) — Highway construction will be suspended from Friday until Tuesday of Labor Day weekend, the Highway Department said. One-way traffic will be eliminated on all projects and other hazards will be removed in order to ease traffic flow.

Women's Activities

Virginia Thompson Wed To William Nordstrom

Miss Virginia Thompson of Escanaba became the bride of William Robert Nordstrom of L'Anse during a double ring ceremony performed Saturday, Aug. 13 at St. Joseph's Church in Escanaba.

Officiating at the nuptials at 12 noon was the Rev. Isidore Walter, O. F. M. Adorning the altar for the wedding were bouquets of white gladioli.

The bride is the daughter of Mr. and Mrs. Leland Thompson of 324 S. 9th St., Escanaba, and the bridegroom is the son of Mr. and Mrs. Irving Nordstrom of L'Anse.

The reception was held from 3 to 6 p. m. at the Terrace. Assisting were Mrs. Russell Bailey of Marquette and Mrs. Gary Finnman of Escanaba, opening and displaying wedding gifts and Miss Shirley Risk of Watrous, cutting the wedding cake.

A luncheon was held at the Sherman Hotel immediately following the ceremony for the wedding party and members of both families.

Mother's Attire

For attending her daughter's wedding, Mrs. Thompson selected a plum colored jacket dress with matching accessories and corsage of lavender pompons. Mrs. Nordstrom wore a two piece dress of champagne beige lace with brown accessories and a corsage of golden bronze pompons.

Mrs. Marion Tobin, grandmother of the bride and Mrs. Robert Nordstrom of L'Anse, grandmother of the bridegroom, were also presented corsages.

Following a honeymoon trip to Mackinac Island and lower Michigan the newlyweds will reside in Clio, Mich., where both will teach in the area high school.

The bride is a 1966 graduate of Northern Michigan University where she was a member of Kappa Delta Pi Sorority and the National Honor Society in Education. Mr. Nordstrom, also a 1966 graduate of NMU, was affiliated with Delta Omega Nu fraternity.

Special guests included Rev. James Simonson, cousin of the bridegroom, who is a member of the faculty of Notre Dame University. Out of town guests attended from Milwaukee, Green Bay, Steven's Point, Muscatine, Iowa, Elkhart, Ind., L'Anse, Baraga, Hancock, Iron Mountain and Gastra.

Future activities include: Workshop and Officer Training, Sept. 12 at Hermansville; Rummage Sale, Sept. 23; Arts and Crafts Show, Oct. 13.

Azure Blue

The maid of honor was attired in a floor length slim line gown of Azure blue chiffon over tulle with a lace bodice with elbow length sleeves. The Empire waistline was detailed with a matching blue satin band and the waist train was attached to the back of the scoop neckline with a flat bow. A matching headpiece completed her attire and she carried a cascade bouquet of blue and white pompons.

Silk Tulle

The bride chose for her wedding a floor length gown of white silk organza over tulle skirt with a modified scoop neckline, three quarter length sleeves and an A-line skirt billowing out in soft pleats to a short chapel train. The bodice of re-embroidered lace ended in scallops at the waistline.

A single organza rose headpiece held her bouffant veil of silk illusion and she carried a cascade arrangement of white carnations and pink sweetheart roses.

The bride was given in marriage by her father.

Maid of honor for her sister was Katherine Thompson of Escanaba and serving as best man was Thomas Nordstrom of L'Anse, brother of the bride.

Mrs. William R. Nordstrom (Lee's Studio)

First Methodist W.S.C.S. Will Meet Thursday

The Woman's Society of the First Methodist Church will hold its regular monthly meeting Thursday, Sept. 1, at 2 p. m. in Fellowship Hall.

Devotions will be led by Mrs. Nettie Seidl. Mrs. Edward Edick, program chairman for the afternoon will have a Daughter's Day program. Taking part will be Holly Semmens, Ellen Foster, Janet Jensen, Sally Barrett, Janice Jensen, Susan Plovman, Kristine Foster and Mary Hebert.

Hostesses will be members of the Ruth Circle: Mesdames Aubrey Berg, Nettie Seidl, Christine Christian. The Ruth Circle will also sponsor a bake sale at the meeting.

All women of the community are cordially invited to attend and nursery care will be provided.

Future activities include: Workshop and Officer Training, Sept. 12 at Hermansville; Rummage Sale, Sept. 23; Arts and Crafts Show, Oct. 13.

Church Events

Evangelical Covenant Church

The afternoon circle of Evangelical Covenant Church women, will meet Thursday at 2 p. m. at the home of Mrs. Mabel Crebo. There will be a Bible study and members and friends are welcome.

First Methodist

Thursday, Sept. 1, 2 p. m.—The W.S.C.S. will meet at the church for their regular meeting. Members of the Ruth Circle will be hostesses.

First Presbyterian

The Sanctuary Choir of the First United Presbyterian Church will hold a special rehearsal Thursday night at 7:30. The choir will return to the regular Wednesday rehearsal schedule next week.

Ashes From Palms

The ashes employed in the blessing on Ash Wednesday are those made by burning the palms used in the services on Palm Sunday of the preceding year.

Keep Cookie Jar Well Supplied With Crispies

School time is also cooky time if there are youngsters in your home. They do double or even triple duty if they go into lunch boxes and then serve as after school and bedtime snacks.

This large quantity, refrigerator type cooky has wonderful flavor because of its lard, brown sugar and oatmeal mixture, advises Reba Staggs, home economist. If the cooky rolls are kept wrapped in the refrigerator they can be baked on quick notice.

Oatmeal Crispies

1 1/2 cups sifted enriched flour
1 teaspoon salt
1 teaspoon soda
1/4 cup lard
1 cup brown sugar
1/2 cup granulated sugar
2 eggs, beaten
1 teaspoon vanilla
3 cups quick-cooking rolled oats
1 cup chopped nuts

Sift together flour, salt, and soda. Thoroughly cream together lard and sugars. Add eggs and vanilla. Beat well. Add sifted dry ingredients and mix well. Add rolled oats and nuts. Mix. Form into rolls 1 1/2 inches in diameter. Wrap in waxed paper. Chill thoroughly. Cut into 1/4 inch slices. Place on ungreased baking sheet and bake in moderate oven (350° F.) 10 minutes or until lightly browned. Yield: 8 dozen.

Excommunication

Excommunication, a censure of the Roman Catholic Church, means persons baptized as Catholic who commit certain external acts may be deprived of some church benefits and lose the communion of other Catholics.

Plans Complete For Annual Rock Festival

ROCK — The 23rd Annual Rock Lions Labor Day Festival plans will get underway promptly at 10 a. m. Monday, Sept. 5 with a very outstanding parade.

There will be seven bands and marching units participating. Included will be the Ishpeming Blue Notes Jr. Drum and Bugle Corp; the Majestics drum and Bugle Corp from Marquette; Escanaba City Band under the direction of Paul Coven and management of John DeChantal; Jobs Daughters from Manistique under the drill master, Lionel L. Voil; Gladstone High School Band under the direction of Paul Coven; The Perkins High School Band, and for the first time a fifty piece band from the Rock High School, both under the direction of John Violletta. Invitations have also been extended to Jobs Daughters of Marquette and the Gwin Community Band.

The parade will also include queens from surrounding area and the Rock Lions queen, the latter will be crowned following the parade.

Prizes offered will include for best commercial, civic, comic, club or organization, 4-H, Scout floats; best marching unit, men and women, best drill unit, men and women; best decorated horse, best horse-woman; best horesman; best decorated bicycle, boys and girls; best clown, boy and girl; unique cars and antique cars. Anyone interested in entering a float should contact George Weingartner, parade chairman. Games and rides of all types will be offered on the Fairway throughout the day and will be climaxed by a water fight between the firemen of Rock and Gladstone.

On display will be the agricultural produce in the agricultural booth and folks are urged to bring exhibits Monday morning. The Rock 4-H will have a booth displaying some of the project work of the members during the past year.

The grand finale will be the fireworks at 8:15 p. m. on the grounds, followed by a dance at the Pinn Hall at 9:30 p. m. with music by the Mel-o-notes.

There will be lunch, refreshments, and "mojakkas," served all day on the grounds. Special rides are also provided for the kiddies.

Open House For Gust Porath

Mr. and Mrs. Gust Porath of Escanaba Rte. 1, will celebrate their golden wedding anniversary on Sept. 4. There will be an open house for all relatives and friends at the William Porath home from 4 to 8 p. m. on Sunday, Sept. 4.

Mr. and Mrs. Porath were married Sept. 2, 1916 by the Rev. Otto Hohenstein at the Salem Ev. Lutheran Church parsonage in Escanaba.

Rolling Pin Toss

PITTSBURGH (AP) — There will be a rolling pin-throwing contest at the Allegheny Fair on Labor Day.

It will pit the Pittsburgh, Pa., champion against the Pittsburgh, Tex., titlist — 19-year-old Mary Stone who hurled a rolling pin 133 feet 6 inches. The Pittsburgh champ is still to be chosen.

Lansing Woman Gives Birth During Sleep

LANSING (AP) — A Lansing woman last night to the ease of normal childbirth. She gave birth to a seven-pound, 13-ounce baby girl in her sleep.

Mrs. Elden Sumerix took a nap Monday and woke up to find she had given birth. She was rushed to Ingham medical hospital, where she and the girl, Susan Elizabeth, are reported doing well.

Her physician, Dr. Kare Lovell, confirmed the "very unusual" birth.

"Every now and then we see a birth like this—one with little or no pain and apparently no effort—but we really don't know what causes them."

There were no unusual external influences that might have affected the delivery, he said. The 31-year-old mother, he added, "is a very normal girl," and the baby "is as cute as can be."

A mother who delivers in this way cannot expect subsequent births to be as quick or as painless, he said, "but they will be fast."

Lovell said he has delivered an estimated 1,000 babies and that this was the third of its kind.

Janet Carroll Bride Of Thomas N. Danuser

Miss Janet Madelyn Carroll of Milwaukee became the bride of Thomas Niles Danuser also of Milwaukee during a double ring ceremony performed Saturday, Aug. 27 at St. Charles Church in Rapid River.

Vases of gladioli and phlox adorned the altar for the solemn nuptial mass solemnized by the Rev. John V. Suhr at 11 a.m. Traditional music was provided by the St. Charles Church choir.

The bride is the daughter of Mr. and Mrs. William L. Carroll of Stonington and parents of the bridegroom are Mr. and Mrs. Joseph Metrish of West Bend, Wis.

Satin Crepe

The bride wore a floor length brocade lace gown styled with long tapered sleeves, a scalloped sabrina neckline and a full length satin cape. A headpiece of feathered silk and satin with streamers of lily of the valley secured her four tiered veil of illusion. She carried a bouquet of white roses and mums. During the ceremony the bride placed a white bouquet at the altar of the Blessed Virgin.

Maid of honor was Mary Lou

Blair of Milwaukee and bridesmaids were Margaret Carroll and Loretta Metrish of Milwaukee. They were attired in aqua floor length gowns styled in an Empire line and with matching capes. Their headpieces were crowns of yellow pompons and they carried bouquets of yellow mums.

Serving as best man for his brother was Robert Metrish and further attending the bridegroom was William Weber and Gerald Huhn of Milwaukee. Seating the guests were Alex Hernickie and Dan Moeller of Milwaukee.

Mother's Attire

For her daughter's wedding, Mrs. Carroll chose a Mediterranean blue two piece dress of an open weave with tating trim, matching accessories and a corsage of pink carnations. Mrs. Metrish wore a two piece beige brocade dress with matching accessories and a pink carnation corsage.

Mrs. Joseph La Jolice of South Ste. Marie, grandmother of the bridegroom, was also presented a corsage.

The wedding reception for 300 guests was held from 3 to 6 p.m. at the Stonington Community Hall with a dance following from 8 p.m. to 1 a.m. Assisting at the reception were Roberta Christanson of Wilson and Kathryn Larsen of Dun-

forth, at the silver service; Stevens Wickham and Janet Stevens of Milwaukee, cutting and serving the wedding cake.

Home in Milwaukee

Following a wedding trip to Ohio and Indiana the newlyweds will reside at 1552 S. 35th St., Milwaukee after Labor Day.

The bride is a 1963 graduate of Rapid River High School and Mr. Danuser is a graduate of West Bend High School and the Spencerian Business College in Milwaukee. He is a member of Phi Theta Pi fraternity.

Out of town guests attended from Des Plaines, Chicago, West Bend, Port Edwards, New Berlin, Racine, Madison, Ishpeming, Detroit, Plymouth, Ypsilanti, Marquette, Sault Ste. Marie and Milan.

HALCYON DAYS

Halcyon was the name the ancient Greeks gave to the kingfisher. In folklore, the halcyon was said to nest on the sea and to have the power of quieting the winds during the time its eggs were hatching. The term "halcyon days" (tranquil days) arose from this story.

The largest CARE program in the world is in India, where more than nine million children are fed at school.

Women's Activities

Births

MICHAUD — Mr. and Mrs. Frederick Michaud Jr. of 319 Tamarack, Gwin are the parents of a son, Claude Roger, weighing 5 pounds and 15 ounces born Aug. 29 at 11:31 a.m. The mother was Ursula Benkeser.

KUUVINEN — A son, Edward Toivo, weighing 7 pounds and 8 ounces was born Monday, Aug. 29 to Dr. and Mrs. Edward W. Kuuvinen of 1527 S. 15th St., Escanaba. The mother is the former Alice Collins.

MACGILLIS — On Aug. 30 at 8:52 a.m. a daughter, Julie Ann was born to Mr. and Mrs. John D. MacGillis of Gladstone Rte. 1. The infant weighed 7 pounds and 13 ounces at birth. Mrs. MacGillis is the former Beverly Chenier.

Playhouse Opens

PASADENA, Calif. (AP) — The Pasadena Playhouse has reopened with performances by Charlton Heston, Robert Vaughn, Buddy Ebsen, Marilyn Maxwell, Lloyd Nolan and Victor Jory.

The Playhouse had been closed since Aug. 15 because of tax difficulties.

Won, But Lost

Andrew Jackson did not become president in 1824 even though he had the most electoral votes. No candidate had a majority, so the election went to the House of Representatives, which voted by states. Henry Clay threw his support to John Quincy Adams, who won the presidency with the votes of 13 states.

Now, doesn't that sound yummy?

And since syrup comes in many flavors nowadays, you could have a different flavor every night of the week.

Dear Heloise:

My husband refinishes fur-

Hints from Heloise

Dear Folks:

This hint is for those of you who get blisters and calluses on your hands when hoeing, chopping or raking in the yard.

Take a few inches of thin rubber sponge, fold it over and hand stitch along the side opposite the fold.

Push this tube (it will be open on both ends) over the handle of your garden tool and secure in place with string or tape. Put one where the right hand usually holds the handle and one for that good old leftie.

It sure saves wear and tear on the hands.

niture that I buy at public auctions.

He has found that emery boards are wonderful to get into the carved curlicues and other hard-to-get-at places on the furniture when removing the old finish.

Depending on the shape of the area to be reached, the emery board can be left as is (rounded), cut off to form a square or cut to a point.

It will also bend for sanding around small curved parts of the furniture (such as dresser knobs).

Works wonderfully and costs little.

Mrs. L. M. Harmon

Dear Heloise:

I read the wonderful idea about the whistles for children who might become lost.

We're a camping family, and I'm going to buy each of us a whistle, and come up with a special signal.

My own children will know when they're being called, or can call back to us.

I shall always see that each child has a whistle in his pocket or tied to his belt.

Mrs. R. Messmer

Dear Heloise:

My husband refinishes fur-

ture, especially house hold items which she can pass on to readers as space permits. However, because of the tremendous volume of mail she receives daily, Heloise is unable to answer all individual letters. She will answer readers questions in her column whenever possible.

Bethany LCW List September Unit Meetings

The September circle meetings for the Bethany Lutheran Church Women are scheduled as follows:

Thursday, Sept. 1, 9:15 a.m.: Charity, hostess Mrs. Gladys Hansen, 1020 Washington Ave.

Ladies Aid Members View Craft Display

ROCK—The Rock Ladies Aid met at the Rock Bible Chapel on Wednesday, Aug. 24. Mrs. Martin Falck was chairman and Mrs. Elmer Lepisto was hostess.

Basket weaving, plaque paintings, sparkle jewelry, waste baskets made from used ice cream cartons, popsicle stick projects, rice mosaics, and other crafts being made by the Daily Vacation Bible School students were on display. Daily Vacation school began Aug. 22 and will continue through Sept. 2. A program is being planned for Thursday night, Sept. 1, at the Rock Bible Chapel. All the craft work will be on display, starting at 7:30 p.m.

During the Aid meeting, John Small discussed the second chapter of the Book of Ruth. Copies of the printed devotional, Our Daily Bread, were distributed.

Shirley Maki, and Martha Copley of Rock and Ruth Taylor of Toronto, Canada, were guests. During the refreshment period, a Round Robin letter was written to a former charter member, Virginia Johnson, who is now living in North Carolina.

Mrs. Jack Berg will be the hostess for the September meeting.

All components of all Acrobat shoes are tested in a living laboratory. What's a living laboratory? It's children. Our shoes are tested on the feet of children, hundreds upon hundreds of children of different sizes, shapes and inclinations. They kick, run, scuff, walk, scrape, play, climb, meander, sit, stand and bend. Through it all we keep a constant check on each shoe and on each child's feet. We look for weaknesses in both, and when we find one we get to work on a way to correct it.

Out of our living laboratory testing have come such dynamic improvements as steel shanks to make shoes keep their shape, nylon stitching to prevent stretching, molded backs for proper fit and support at the heel.

Yes, children have made Acrobat the famous dependable brand it is today. The famous dependable brand it will be tomorrow. Our living laboratory never stops teaching. And we never stop learning.

Edwin Peterson Dies Thursday

Edwin M. Peterson, 68, of 312 Center St., died Tuesday at 11:15 p.m. at Schoolcraft Memorial hospital. He had been an invalid most of his life.

He lived in Iron River for many years and in 1964, moved from National Mine to Manistique where he made his home with a sister, Mrs. Carl (Alberta) Carlson. Also surviving is another sister, Mrs. William (Alida) Birkhead, Rivermore, Calif.

Friends may call at Messier-Brouillette Funeral Home from 6 to 9:30 p.m. today.

Funeral services will be held at the funeral home, Thursday at 11 a.m. with Rev. Robert Haring officiating. Burial will be in Cemetery Park in Iron Mountain.

Briefly Told

The Eastern Star chapter meets at 8:15 p.m., Saturday.

Orval Chartier is a patient in 5 West, at the veterans hospital in Ann Arbor.

Schools All In Teacher Hunt

NEW YORK (AP) — With school opening only days away in most parts of the United States, administrators were still desperately seeking to hire thousands of teachers today.

A nationwide shortage of qualified instructors was disclosed by an Associated Press survey. The shortage was the worst in history in some states, including Wisconsin, Missouri, North Carolina, Illinois and New York.

Among other states with disturbing numbers of vacancies were Michigan, California, Pennsylvania, Georgia, Montana, Kentucky, Maine, Rhode Island, Maryland, Minnesota, Nebraska and Oklahoma.

"I just don't know how some districts are going to open school," said Miss May Regan, teacher placement officer for the Vermont Education Department.

Teachers of science, mathematics and languages seemed to be in short supply everywhere. In many areas, the critical pinch was in the elementary schools, particularly the lower grades.

Mainly blamed for the shortages were:

- Rising enrollments.
- The drafting of teachers of recently graduated teacher-trainees into the Armed Forces.
- Widespread recruitment for federal "Head Start" and other training programs.
- Competition from industries for college graduates.

Survives Crash

RHINEBECK, N.Y. (AP) — A pilot flying a nearly half-century-old plane made a crash landing during an air-show here and walked away with only minor cuts.

Paul Richards, piloting a 1918 Sopwith Snipe, was coming for a low pass when the engine quit and the plane, smashed into the ground nose first.

The ocean waters which cover more than two-thirds of the earth's surface average more than two nautical miles in depth.

Lutheran Women Hear Dropout Story Thursday

Lutheran Church Women of First Lutheran Church will hear a program entitled, "The Dropout Story", at their general meeting at the church Thursday at 8 p.m. The program deals with the High School dropout problem and should be of vital interest to all women and should help one understand that her faith commits her to love and care for others in need.

All members and friends are invited to attend and hostesses are Mrs. Arne Johnson, Mrs. Carroll Johnson and Mrs. Joseph Thibault.

New officers installed at the worship service at First Lutheran Church Sunday will assume their duties at this meeting. They are Mrs. Carl Westback, president; Mrs. Bernard Olson, vice president; Mrs. Gordon Marshall, secretary; Mrs. Henry Bosworth, treasurer; Mrs. Elmer Holm and Mrs. Alex Hess, service chairmen; Mrs. Melvin Strom, education chairman and Mrs. Raymond Norton, membership chairman.

The churchwomen will hold their synodical unit convention in Madison, Wis., Oct. 4-6. Mrs. Henry Bosworth will represent First Lutheran Churchwomen and Mrs. Reuben Carlson will also attend as secretary of the Hiawatha District.

Steve Madden Skippers Win In Blue Jay

Steve Madden and crewman, Doug Schmidt, with a very good lead, finished first in the local Blue Jay Sailboat race Sunday.

The event was sailed on a course marked with buoy half way to Escanaba and was undistinguished at the start of the race. Other boats finishing the race, all following close to one another, were Bill Mineau and a friend in the Carla J., Bill and Johnnie Noreus, and Steve Schram and D. Micheau. Steve Madden was sailing the Julia J.

A similar race is being planned for Labor Day with a youth race to begin at 12:30 and an all adult race at 3 p.m.

Briefly Told

Nate Police at the Gladstone post issued summonses to Fred E. Coppock, Gladstone, no registration or proof of insurance, and Larry David Brown, 300 S. 5th St., no operator's license.

Rep. Ford Claims Farm Price Skid Pleased Freeman

MADISON, S.D. (AP) — Rep. Gerald R. Ford, R-Mich., the House minority leader, criticized Secretary of Agriculture Orville Freeman as a "political phrase maker who was born with a foot in his mouth."

Ford spoke to some 800 persons at a Republican rally in this eastern South Dakota farm community, scoring the Johnson Administration on a number of points.

Ford said that Freeman is "the only secretary of agriculture who has ever publicly expressed pleasure at the drop in farm prices."

He added that Freeman had "waged an undeclared war on American agriculture which has driven parity prices from an average of 84.5 per cent under the administration of former President Dwight Eisenhower to barely 79 per cent this year."

Referring to the Viet Nam War and reports that 400,000 U.S. troops may be engaged in it by late this year, Ford said: "It is utterly fantastic when we recall what President Johnson told the nation just two years ago when he was seeking election—'We don't want our American boys to do the fighting for Asian boys.' Johnson the campaigner said."

The Michigan congressman said that inflation has resulted from an administration attitude of "spending-as-usual, adding, while pumping billions into the Viet Nam War, the Johnson-Humphrey-Freeman Administration dishes out billions more in non-essential spending."

He declared that remarks of Vice President Hubert Humphrey had encouraged defiance of the law.

Farrell Elected Conference Head

LANSING (AP) — Lawrence Farrell, executive secretary of the state retirement systems, is the new president of the National Conference of State Social Security Administrators. He was elected at the organization's annual meeting last week in Gearhart, Ore., his office said Monday.

Greatest Invasion

Said to be the greatest invasion in military history was the Allied "Triphibian" operation against the Normandy coast of France on D-Day, June 6, 1944.

GLADSTONE Japanese Girl

Student Here

MISS KEIKO ONA of Sendai, Japan, will be a student in the Gladstone High School this year. She is pictured receiving her schedule from Principal John Norton on Tuesday. Miss Ona is staying with the Sam Richmans of Isabella. (Daily Press Photo)

Miss Keiko Ona of Sendai, Japan, received her schedule of classes from Principal John Norton Tuesday afternoon at the Gladstone Senior High School where she is enrolled for her senior year.

Keiko arrived in this country over the weekend and is staying with Mr. and Mrs. Sam Richman at Isabella. She is the daughter of Mr. and Mrs. Bunya Ono and she also has a sister in Japan.

Wallace Cameron, superintendent of schools, invited Keiko to attend Gladstone High School with full approval of the Board of Education and she will drive to school with Mrs. Richman who is a teacher in the Escanaba Area system.

Mrs. Richman invited Keiko to come to the United States after hearing of her desire to come to this country through Miss Marie Saupé of Milford, Mich., who has been teaching in Japan.

Keiko has already made friends with the High School girls and Tuesday afternoon she was visiting with Karen Becvar, daughter of Mr. and Mrs. Jerrold Becvar.

Gladstone Opens Schools Sept. 6

Gladstone Public Schools will open for the 1966-67 school year on Tuesday, Sept. 6, with approximately 70 additional students and five new teachers.

According to Wallace Cameron, superintendent of schools, about 583 students are enrolled in kindergarten through sixth grade and 715 in seventh through 12th, or an increase of 70 students. Enrollments are being accepted in the office of John Norton, principal, and students may pick up their schedule of classes.

A system eliminating home rooms will be put into effect this year with students reporting directly to their classes instead of an assigned home room. Additional teaching time may be derived from this procedure.

New members of the faculty include James Barrett, of Escanaba, teaching Geography 7 and Global Geography; Mrs. Suann Foster, the former Susan Smith, of Gladstone, will teach English 7, Latin 1 and American History 8; Miss Barbara Hale, of Gladstone, Home-making 7 and 8, English 8 and Home Economics 1; Miss Gorda White, of Sault Ste. Marie, teaching Office Practice, Bookkeeping and Typing 1. Miss Melva Goodman, of Gladstone, will teach fourth grade in the James T. Jones School.

High School students will report for classes at 1 p.m. Tuesday and elementary students will also begin classes at 1 p.m. Kindergarten registrations at the James T. Jones School will be taken from 9 to 11:30 and 1 to 1:30 Sept. 7 and 8, and at the Buckeye School from 1 to 3:30 both afternoons.

The hot lunch program will begin on Sept. 7, with five-day meal tickets available for student at a cost of \$1.50 and faculty members, \$1.75. Single meals are 35 cents.

Cameron Family Enjoys Reunion At Isle Royale

The Wallace Cameron family was re-united over the weekend in Houghton and cruised to Isle Royale for a family get-together.

Members of the family had been widely separated since last fall when the youngest daughter, Lorna, left for a year's schooling in Aix-En-Provence in France. She returned home this summer before resuming her studies at Albion College for her senior year this fall. Mrs. Cameron attended Oakland University, studying French under the National Defense Education Act, and was not at home while Lorna was here.

Mrs. Charles Nebel, the former Mary Cameron, and her son Chuck, 4, recently returned from Spain where she had escorted 13 Detroit area Spanish students to attend a Foreign Language Institute. Mrs. Nebel is a Spanish major and taught in the Detroit area last year. Young Chuck picked up a first-hand knowledge of the language while living with a Spanish family and was able to carry on a telephone conversation with his grandfather when they returned to the states.

Mr. and Mrs. Nebel will leave this week for Munich to make their home, Nebel will be associated with his father, Richard W. Nebel, in his law firm.

MR. AND MRS. CLARIN Fredrickson, 1115 Michigan Ave., announce the engagement of their daughter, Carol Marie, to Edwin Anthony Schweitzer, son of Mr. and Mrs. Leo Schweitzer, of Adrian, Minnesota. Carol, a 1962 graduate of Gladstone High School and a 1965 graduate of Northwestern Hospital School of Nursing in Minneapolis, is a registered nurse at Worthington Hospital, Worthington, Minn. Edwin graduated from Adrian High School in 1962 and attended Worthington State Junior College for two years. He is a student at Mankato State Teachers College, Mankato, Minn. A Nov. 26th wedding is planned.

Social

Gladstone Lodge 398, F.&A.M. will hold a regular communication at the Masonic Temple Thursday at 7:30 p.m. All visiting Masons are welcome to attend.

The memory of Captain James Cook and anything associated with him is still venerated throughout Polynesia.

Mr. and Mrs. Marshall Patz of Flint spent the weekend with her parents, Mr. and Mrs. Sid Lucas.

JIM TAYLOR, Green Bay fullback, displays the power that has made him one of the greatest running backs in the National Football League. In the above photo, Taylor drags Pittsburgh Steeler tackle Willie Daniel several yards before going down in last week's exhibition game in Green Bay. (AP Wirephoto)

Jack Hand Sees Packers Second

Colts Are Picked To Top NFL's Western Division

By JACK HAND

NEW YORK (AP) — There is a tendency to give Green Bay the Western Division title in the National Football League by acclamation on the strength of (1) the victory over Cleveland last January, (2) the romp over the College All-Stars, and (3) the addition of Donny Anderson and Jim Grabowski.

However, there are caution signs flickering on the control board. The Packers had their troubles with the Chicago Bears and Dallas, although Vince Lombardi did experiment with rookies. The Packers scored a grand total of one touchdown in those two games and the offense was spotty.

Green Bay, Baltimore and Chicago could fit under a blanket in the West with San Francisco and Minnesota ready to step in if anybody stumbles. Los Angeles is shooting at the moon with a rebuilt defense and only Detroit appears out of it, despite its usual rugged defense.

Meet In Opener

Baltimore lost three straight to the Packers last year, twice in regular season and once in the overtime season playoff. They meet for the first time this year on opening night, Saturday, Sept. 10 at Milwaukee, a game that could decide the championship.

The Packers are loaded, no question about that. Anderson and Grabowski, behind Paul Hornung and Jim Taylor, may prove an unbeatable combination. Still, you can't forget the way the defense had to bail out the Packers last fall.

The pick here is Baltimore with Johnny Unitas healthy again, backed by Gary Cuozzo. And let's not forget Tom Matte. The Colts are tough on defense, a good match for the Packers with a strong pass rush, steady linemen and a capable secondary.

Sandusky Is Back

Problems in the offensive line were partially solved by the return from retirement of Alex Sandusky, veteran guard and key pass blocker. If Sam Ball, the No. 1 draft from Kentucky, doesn't cut it at tackle, Jim Parker will do the job.

Actually, it comes down to Unitas over Bart Starr and the experienced receivers like Raymond Berry and Jimmy Orr plus some capable rookies. Nei-

ther Jerry Hill nor Tony Loric is a Jim Taylor at fullback but they do a capable job.

Here's the way the West looks from here:

1. Baltimore
2. Green Bay
3. Chicago
4. San Francisco
5. Minnesota
6. Los Angeles
7. Detroit

Nobody can pass effectively against the Packers. The addition of Bob Jeter at right corner to team with Herb Adderley, Willie Wood and Tom Brown make a solid barrier. The Packers were not so tough against the run last year, giving up more yards than any team in the league except Pittsburgh.

Colts Can Run Too

If Green Bay is to be beaten it must be the same type of ball

possession club with a tough passer to thread the needle when the chips are down. Unitas and Baltimore fit the bill. If the Colts have a serious problem it could be in punting.

It was the original intention here to pick the Bears to take it all. That was before Andy Livingston was injured in the Packers exhibition game and lost for the season. Gale Sayers looks better than ever and the addition of John Paluck, if he decides to come out of retirement, strengthens the defensive line.

The Bears have a well balanced attack with Sayers and whoever happens to be running at fullback and the passing of Rudy Bukich to Johnny Morris. Mike Ditka, Jim Jones and Dick Gordon. Like all of the top teams in the West, they are

Wilson's Spring Fixed, Tiger Mound Star Wins Seventh Straight Start

By The Associated Press
Earl Wilson used to be like a defective watch spring: either he was wound up too much, or he wasn't wound up enough.

Now, however, the spring apparently is fixed, and Wilson is ticking accurately and steadily. The 30-year-old right-hander gained his seventh straight victory and 16th over-all Tuesday night as the Tigers edged Baltimore 5-4, handing the American League-leading Orioles their fourth straight defeat.

When Wilson left Boston for Detroit June 13, he took with him a 5-5 record and a 3.83 earned run average. Since then he's compiled an 11-4 mark and a 2.90 era.

Tiger Vice President Rick Ferrell thinks he has the answer to Wilson's past performance that was a few jewels less than 17.

"I remember seeing him several years ago," Ferrell said, "when he had the big kick and the exaggerated windup. He couldn't get near the plate. Then he went into the no-windup stance. I don't like this. Guys who go for the no-windup invariably come up with a bad arm."

Wilson now has a simple windup, and he's throwing strikes.

The seven-year veteran is throwing strikes so well he's won seven straight games in the past 31 days.

In other American League games, Kansas City defeated New York 4-1, Minnesota trimmed Washington 3-1, Cleveland downed Chicago 6-2 and Boston edged California 7-6.

For his latest victory, Wilson needed ninth-inning relief help from Orlando Pena, who put down a bases-loaded threat. The Tigers, however, had built a lead on homers by Jim Nor-thrup, Al Kaline and Norm Cash. Brooks and Frank Robinson connected for Baltimore.

Kansas City's John Odum pitched a one-hitter, allowing New York only a second-inning double by Roger Maris. Jim Gosger drove in two runs for the Athletics with a fifth-inning single, one of 11 hits off Mel Stottlemyre, now 11-16.

Jimmie Hall rapped a two-run single in the sixth inning that proved decisive for Minnesota.

Max Alvis propelled Cleveland to its victory over Chicago, slamming a two-run homer in the second. It was the first Indian homer in Chicago this season. Larry Brown added a two-run single in the Cleveland fourth.

Boston erupted for five runs in the sixth inning, wiping out California's 6-2 lead. Carl Yastrzemski, who singled home a first-inning run, put the Red Sox

ahead 7-6 with a two-run homer. Paul Schaal and Jose Cardenal homered for the Angels.

Three Golfers Shatter Par At Highland

Tuning up for the 1968 men's club championship, three Highland golfers fired sub-par rounds, while another matched par in Twilight League action.

Jack Smith and Dave Friets fired 2-under rounds of 34, and Mel Manske finished 1-under with a 35, while Jerry Martin's 36 matched par. Other low scores included Vial Smith's 38, and rounds of 39 by Al Davidson, Bob Olson, Dick Nelson, Barney Barnhart, Bob Monson.

The Baumeers stretched their league lead another two points over the second place Divot Diggers, while the Has Beens hit one of the season's most productive nights scoring 912 points to climb within one point of the third place Turf Kings.

In a really hot scrap for the fifth playoff spot are the Long Knockers 71½, Super Valu 71, and W. R.'s 70½.

Team standings: Baumeers 92, Divot Diggers 79, Turf Kings 75, Has Beens 74, Long Knockers 71½, Super Valu 71, W. R.'s 70½, Big Stickers 67, Hackers 65½, Wertz's Watsons, Got Yas and Run Dums 65, High Flyers 63½, Barney's Beavers 58, Doug's Dubbers 53½, Hot Shots 50½, Earl-E Birds 49½, Team No. 18 30½.

Additional
SPORTS
On Page 14

In This Corner with Ray Crandall

Among the 13 returning lettermen on Coach Duane Lane's Wakefield High school football squad this fall is Ray Sibley, one of the Upper Peninsula's all time track and field stars. Sibley has been a triple winner in the 100 and 220 yard dashes and the broad jump in the U.P. Class C finals for the past two years. He holds the current U.P. record of 23.1 seconds in the 220, established when he was a sophomore in 1965.

Bill Connors, former Upper Peninsula men's champion, led the qualifiers in the Marquette Country Club championship tournament with a two under par 142 for 36 holes. Connors was club champ two years ago. Paul Specker is the defending champion.

Dan Scheuren, senior fullback and defensive tackle on the Escanaba football team, must have set a travel record during workouts this fall. When Scheuren was attending the twice-daily drills the first two weeks of practice he was traveling 128 miles on the round trips from his home near Boney Falls.

Jerry Cunningham, Chippewa County Shooting Association deadeye, captured the Upper Peninsula skeet championship at the annual event held on his home range, breaking 98 of 100 far gets. Jack Avery of Marquette won the Class A title, Earl Leitz of Sault the Class B crown, Cecil Taylor of Newberry the Class C championship and John Wunkel of Winn the Class D honors.

Felch captured the regular season championship in the Michigan division of the Wishigan baseball league with a 7-0 triumph over Wallace in the final game of the campaign. Tony Merhalski pitched a four hitter and fanned 14 for the Felch mound decision. Felch will now face Pestigo, the Wisconsin division champion, in a best of three series for the playoff crown. In another season ending game in the Michigan division, Gordy Galbraith pitched Stephenson to a 2-0 victory over Menominee, limiting the Chiefs to three hits. Former Escanaba athlete Paul Memmer handled catching duties for Stephenson.

Back in the fold at the Holy Name football practice drills this week is Dale Shandonay, veteran guard and linebacker who had been sidelined by a badly cut finger. Shandonay is co-captain of the Crusaders with half-back Bob Brisco. Shandonay is a rugged 5 foot 11 inch, 180 pound senior.

Baraga High School will not compete in football this fall, dropping the sport after a long string of disastrous seasons. The Vikings, who competed in the Copper Country Conference, hadn't won a game since the 1962 season in which they compiled a 2-5 record. They lost 20 straight starts over the last three campaigns.

All Stars Bow By One Run In City Tourney

Tuesday Results
Mead 4, All Stars 3
Merchants 7, Flat Rock 2
Michigan Hotel 7, Teamsters 6 (forfeit)

Games Tonight

6-All Stars vs. Teamsters
7:30-Merchants vs. Bero Motors
9-Mead vs. LaFave's

The annual Escanaba City softball tournament opened at Memorial Field Tuesday night with Mead and Michigan Hotel winning in the National division and the Merchants registering a victory in the American.

Action will continue with three games tonight, starting at 6 when the All Stars face Teamsters in a loser's bracket showdown. The Merchants take on Bero Motors at 7:30 and Mead meets LaFave's in the nightcap at 9.

The All Stars, made up of outstanding players from the new junior program which was organized this year for the first time, gave Mead a run for it Tuesday night.

After Mead took a 2-0 lead

in the second inning, the All Stars plated three runs in the third. John Derkos and Tom Menard scored on Al Larson's double and Larson came home on a sacrifice by Leonard for a 3-2 lead.

Bob Wellman tied it for Mead in the third and drove Dick Sivertsen home with the winning run in the fifth.

Derkos went the distance on the All Star mound and allowed four hits. Levi Young matched the performance from the Mead mound.

The Teamsters forfeited their game with Michigan Hotel when they were unable to get enough players on the field.

The Merchants, regular season champs, pinned a 7-2 setback on Flat Rock with an early explosion. They blasted five hits and scored six runs in the first inning. Tony Derkos stroked a homer and Don Martineau and Wally Flath belted doubles off Bill Smith.

Bill McGovern scattered five sacrifices from the Merchant hill. Two of Flat Rock's hits were by Bill Lancour.

Defense Is Strong

The strength of the Rams still is defense with the front four of Deacon Jones, Merlin Olsen, Rosey Grier and Lamar Lundy. Allen has brought in a fine crew of veteran linebackers like Bill George, Myron Pottios, Moxie Baughan and Jack Pardee and has added Irv Cross, from Philadelphia, to the secondary.

The Rams' do not have much speed in their backfield or receivers. Roman Gabriel and Bill Munson like to throw to tricky Tommy McDonald and Jack Snow. The loss of Martin McKeever will hurt. Tom Moore and Dick Bass will handle the main running chores.

Harry Gilmer has trouble at Detroit after a series of holdouts and walkouts in training camp. Alex Karras and Roger Brown still will haunt enemy passers with help from Darris McCord and Larry Rand. The linebacking is weaker without Joe Schmidt and the deep defense is just fair. The Lions lack of a consistent attack will kill them. Milt Plum has been erratic and none of the runners have been moving the ball.

Andrews Paces Country Club Twilight Golf

Dave Andrews dipped one under par while Dave Erickson and Harry Hogan matched par to set the individual pace in the Escanaba Country Club men's Twilight League golf matches Tuesday.

Elmer Swanson came in with a 38, Don Goulias 39, Don Scott, Fran Boyce and Jim Gravelle 40s. Andrews and Chuck Peltier were tied with Jim Zimmerman-Dick Craig and Chuck Crago-Jack Gaffney for first in the best ball event with 31s. Don Scott-Ray Roy and Jack Winters-Augie Brazeau shot 32s. Bill Henderson was closest to the pin on No. 7.

Team standings: Peltiers 35, Hustlers 33½, Ice Boxes 33, Paper Makers 32½, Toronados 30½, Pedagogues 29½, Mead Office 29, Hogan's Hustlers 29, Hush Puppies 28½, Masters 28, 19th Holes 25, Pea Soups 25, Burt's Boys 24½, Don Juans 22, Eight Balls 21½, Lurch's 19½, Duffers 17½, Gravel Gerties 16.

Everybody Is Mad At Somebody In Tense National League Race

By The Associated Press

Herman Franks is mad at a writer, Willie Mays is mad at a pitcher and the Phillies are mad at Jim Hart.

Hart busted up what had been a relatively close game between San Francisco and Philadelphia Tuesday night with a three-run homer in the eighth, sending the Giants to a 7-1 victory and keeping them tied with Pittsburgh for first place in the National League.

Giants Manager Franks, in the meantime, expressed his keen displeasure with a reporter who had written that Herman was making the club jittery. In fact, Franks refused to hold his post-game interview until the culprit had been banished from his presence.

Mays, however, was more than willing to talk about Phillie pitcher Rick Wise who, decked Willie with a tight pitch early in the game.

"That stuff won't get you anywhere," Mays said. "If he had come up again, we would have brushed him. The pitchers know it. We take care of ourselves."

With Hart and Tito Fuentes providing the punch, the Giants took very good care of themselves indeed Tuesday. There was Hart's 30th homer, Fuentes' fourth, sparking play in the field and tight pitching from Bob Bolin and Frank Lundy.

Elsewhere in the National League, Pittsburgh downed Houston 4-2, New York crushed Los Angeles 10-4, Cincinnati beat St. Louis 6-4 and Chicago beat Atlanta 5-3.

The Giants took a 3-1 lead into the eighth and only fine glove work by Fuentes, Bolin, McCovey and Mays kept the Phillies' total that low.

Willie Stargell's bases-loaded single drove in two runs in a five-run fourth inning for Pitt-

sburgh as the Pirates kept pace with the Giants. Roberto Clemente drove in his 9th run of the season, a personal high. The defeat snapped Houston's win streak at six games.

The Dodgers fell two games off the lead as the Mets got to Sandy Koufax for five runs in the third inning. Koufax, now 22-4, walked three men in the second inning and forced in a run. Jerry Grote doubled in a pair for the Mets in the third.

Cincinnati extended its win streak to seven games as Pete Rose hit two home runs and Deron Johnson hit his third in two days and 20th of the season.

Ernie Banks provided the Cub muscle with a three-run homer in the third inning. Hank Aaron spoiled Ken Holtzman's shutout with a three-run homer in the seventh. It was his 38th of the season and pushed his RBI total to 102, marking the eighth season Aaron has driven in 100 or more runs.

Sandy Is A Nice Kind Of Blonde

By HAL BOYLE
NEW YORK (AP) — Blondes are either dumb or nice. Sandy Dennis is the nice kind. In an evil world she has a grownup Alice in Wonderland quality. She makes a man wish he were younger and that she were the girl who lived next door.

If life were kinder, she's what a fellow would wake up and find under his Christmas tree, right next to his brand new Flexible Flyer sled.

She has an air of sweet uncrushed innocence that makes a guy wonder whether it would be more fun to lead her astray or chivalrously protect her from the fell designs of some other rascal.

But after 10 years and two hits on Broadway, the postal clerk's green-eyed daughter from Hastings, Neb., really doesn't need protection from anybody.

"I'm having a wonderful

time," said Sandy during a luncheon break on the set of "Up the Down Staircase," in which she plays an English teacher in a tough New York high school.

It is her first starring film role.

She entranced Broadway audiences in "A Thousand Clowns" and "Any Wednesday."

It took Miss Dennis a decade to reach the \$1,750-a-week bracket in show business, but she has no bitter memories of her struggling years.

"I enjoyed it," she said practically. "I was out of work sometimes for as long as a year, so I lived on unemployment insurance. It wasn't bad."

As Sandy talks, she has a little girl habit of shaking her shoulder length, corn tassel hair and closing her eyes. It's quite endearing.

"I like making films," she said, "but I still miss the hours and habits of the theater because I am more used to them."

"Ideally, I suppose that I'd rather do only plays — and make as much money as you can making movies. But that's impossible."

She and her husband, musician Gerry Mulligan, live in a five-room apartment on the upper West Side here. She prefers a quiet home life, hopes to have two children but says she is in no hurry for motherhood at this stage of her career.

FORMER PRESIDENT Dwight D. Eisenhower receives a check of \$100 from President Johnson Thursday at the White House. The check was a personal gift from Johnson for the Eisenhower College at Seneca Falls, N.Y. Eisenhower was a guest of the President at a small luncheon at the Executive Mansion. (AP Wirephoto)

Fourth Of Cuba Population Are In Spy Groups

HAVANA (AP) — Cuba's once-fearful neighborhood vigilante committees are active now in propaganda, public health, education and rent collection campaigns.

The Committees for the Defense of the Revolution, said to comprise about one-fourth of Cuba's more than 7½ million people, has taken on many of the revolution's "housekeeping" jobs.

During the Fidel Castro regime's incubation period, they were responsible for sending many of their neighbors to death before firing squads by fingering them.

With a committee in virtually every block in every community, they still keep track of every resident, do guard duty night and day, and keep an eye on any activity, unusual movement, or visitor.

Trenary

The Library will open Tuesday and be open each Tuesday and Thursday from 6:30 to 8 p.m. There are books for all ages and many reference books.

Mrs. Sylvia Ostanek is the librarian and the new Library is a Lion's Club project.

Mrs. Elsie Ellis is a surgical patient in the Munson Medical Clinic, Traverse City.

Wesley Stine is at home after being a patient in St. Francis Hospital, Escanaba.

Andrew Rodgers Sr. is a patient in the Munising Memorial Hospital.

The ladies of the Methodist Church will serve the annual Harvest Supper on Sept. 24th at the church.

The Methodist Senior Choir will rehearse Tuesday, Aug. 30th at 7:30 p.m. at the church.

Worries Climax As August Ends

By SAM DAWSON

AP Business News Analyst
NEW YORK (AP) — August is ending with a climax of worries for countless Americans.

The stock market has been stumping the experts — and paying millions of shareholders.

The cost of living has been rising — and the outlook for the future is far from reassuring.

Interest rates are soaring. This adds to the cost of doing business or of buying anything from a house to a kitchen appliance on time. The U.S. Treasury this week for the first time had to pay more than 5.5 percent to borrow money through 6-month bills. The price of Treasury bonds already in the hands of investors has fallen almost steadily.

President Johnson and former President Harry S. Truman are at odds as to what all this may forebode, although both prefer low interest rates to today's level — the highest in 50 years.

The former president sees a possibility of tight money causing a business decline that might lead to a general recession, or worse, next year.

The current president says that high interest rates — unwelcome though they may be — are evidence of a booming prosperity too strong to be in danger of a business decline in the foreseeable future.

And while the two political leaders argue, businessmen note that industrial prices continue to rise along with the interest rates. This week increases were announced in cement prices and in some steel fabrications.

These are but the latest additions to a long list of industrial material price hikes during August.

This month has seen a big drop in home building. Contracts are off 25 per cent. Builders say they can't find financing for construction. House

hunters say they can't find mortgage lenders — or can't afford the larger down payments and higher interest charges.

Congress has voted funds to replenish the dried-up mortgage market, but August has given little hope of any drop in either the costs of building or of financing a home purchase.

Bankers say they are often hard put to find lendable funds to finance businessmen's fall activities. But the plans to expand current operations and to build new plants and buy new equipment continue to rise in dollar volume.

Larry Smits, 72, Dies On Monday

NEW YORK (AP) — Lawrence A.V. (Larry) Smits, 72, veteran newspaperman and public relations executive, died of a heart attack Monday in Brooklyn.

Smits, who worked for the New York Journal American in recent years, was born in Ypsilanti, Mich. He attended the University of Michigan, then worked on newspapers in O'Fallon, Beaumont, Tex., Little Rock and for the old International News Service in New York. He was a second lieutenant in the Air Corps during World War I.

In the 1920s, Smits joined Steve Hannagan Associates and became a vice president of the public relations firm.

Smits' wife, Dorothy, died May 9. He is survived by three brothers, Ted Smits, Associated Press sports editor of New York, Lee Smits of Detroit, and Benjamin Smits of Tucson, Ariz., and two daughters, Adrianna and Katherine, both of New York.

John Jay was the first chief justice of the U. S. Supreme Court.

Marriage Bind Facing Nation

MIAMI BEACH, Fla. (AP) — The country is caught in the middle of a marriage squeeze.

It looks like a half million or more young girls are going to have to postpone their first marriage, or get hooked to somebody they would have passed up in normal times, or — worst of fates — not get married at all.

The cause is the baby boom that followed World War II. The babies are grown up now and the girls are looking for husbands.

The trouble is that gals get hitched younger than guys, ages 18 to 22 for females versus 20 to 24 for males. And most of the guys who were born during the baby boom aren't old enough, statistically speaking, to march to the altar.

It was all described today to the American Sociological Association convention by two men from the U.S. Census Bureau, Paul C. Glick and Robert Parke Jr.

In a paper they said: "Generally speaking, the squeeze can be resolved in any or all of several ways.

"By the boys marrying for the first time at younger ages.

"Or by the girls marrying for the first time at older ages.

"Or by the girls marrying older widowed and divorced men, or older single men who might otherwise have never married.

"Or," and here the paper lets out the brutal news, "it is possible that more girls will ultimately not marry at all."

Dynamite Stolen

WALKER (AP) — Nearly 2,000 sticks of dynamite still were missing in this Grand Rapids suburb today. Police said the explosives were stolen from the Bestwall Gypsum Co. over the weekend.
